Campbell Press

Vol. 85, No. 38

THURSDAY, SEPTEMBER 22, 1977

We hear you

Any gripes, kudos, or ideas? Call 378-9136 to sound off.

We've lived here for 1½ years and we've had this problem almost all that time. We put our garbage can in the front yard just outside the fence and come home to find the can in the street. Sometimes the people who work here on S. McGlincey run over (the garbage can) by mistake. I have witnesses who have seen the men throw it into the street and I called Green Valley for eight days straight this time before I could get anyone to call back. Finally, I talked to one man who said they'd be sure and put the can back where it was but this week it was the same thing all over again. What can I do?

Upset

Editor's note: Rich Amaro of Green Valley Disposal says he's familiar with your case and says that, until recently, your garbage can was left near the curb instead of back by the fence. He also says it's not the men who are throwing the garbage cans around at your house and at other local homes; it's kids. He says kids come along and knock the cans over and when people get home they find their garbage cans flattened in the street. "If we wreck them we're going to replace them," Amaro said, "but we feel kids were responsible."

What happened last week? I didn't see a picture of The Silent Company in the paper.

A Reader

Editor's note: The placement of the ads on page 4 last week didn't leave any room for the picture. They're back this week.

I just wanted to call to thank all the local Campbell businessmen for responding so promptly to the Youth Employment Survey.

Linda Schmit-Cohen
Campbell Community Services

I just called to say I agree with "Newcomer" last week. I've driven down the loop street and cars just won't stop for pedestrians. I've tried to stop for them myself but (the other drivers wouldn't). And I can see why business at The Factory has slowed down so. I sure wouldn't want to try crossing the street there.

Concerned

I'm a little confused. Is the $10 million for the senior complex they're going to build on Winchester? Or is this a new project.

Curious

Editor's note: It's a new project instituted by the Santa Clara County Housing Authority. It has nothing to do with the Wesley Manor high-rise project on Winchester blvd. The only similarity is that both are using federal Housing and Urban Development funding and that both will have a subdized rent program for seniors. The Housing Authority hasn't found a location yet for the project and have one year to come up with formal plans.

(Cont. pg. 4)

Bid awarded

Street project underway

CONSTRUCTION was underway this week on a $170,000 street work project to widen and upgrade the Campbell ave.-Winchester blvd. intersections.

Last Monday the City Council awarded the project to Leo F. Piazza Paving Company for $170,484.14.

According to Dave Valkenaar, project engineer; curbs, gutters and base paving in front of Campbell High School should be done by Oct. 15 with the entire project, including installing new traffic signals, completed by Nov. 15.

When finished the newly-widened intersection will include two through lanes of traffic in all four directions, signalized left turn lanes and new right turn lanes.

With opening ceremonies for the north loop street (Civic Center drive) slated for Oct. 1 contractors are busy trying to meet that deadline.

ZIPSE PAVING Company, the loop street general contractor, will be paving the new street this week while traffic island installation work is scheduled for the Campbell ave.-Railway area.

Next week the city will begin stripping and sign work and tree planting ty the subcontractor is set for late this week.

While the official dedication ceremonies is set for Saturday, Oct. 1, the first day the new loop street will be open to traffic is Monday, Oct. 3.

Creek trail added

Motel plan approved

CONSTRUCTION OF A 100-unit motel, to be called the Campbell Inn should get underway sometime after the first of the year, Architect Marvin Bamburg said Monday night.

Final approval of plans for the new development at 675 E. Campbell ave. just west of the Highway 17 overpass was given by the Campbell City Council with one new stipulation.

Owner Fred Sahadi has to agree to grant easement rights for a creekside trail west of the development at some future date when a Los Gatos Creek trail-bike path network is worked out for the entire area.

Bamburg told the Council Monday night Sahadi would agree, reluctantly, to that condition.

THE CITY'S second motel will carry a few other conditions including easement rights granted to the Santa Clara Valley Water District for a substantial part of the wedge-shaped parcel. Parking areas will be located on this easement.

The city also agreed to take a look at parking conditions on nearby residential streets like Poplar and El Patio six months after the complex is open. Residents of that area were concerned the motel might cause a parking problem on their streets.

And there may be a third motel in Campbell future.

Chamber Executive Vice President Ted Rogers was contacted recently by a large national motel chain who are looking into the feasibility of building in Campbell.

IN OTHER BUSINESS Monday night the council:

- Opted to continue holding informal public sessions to get ideas from residents on how to spend the city's estimated $400,000 plus in federal Housing and Urban Housing and Community Development funds for the 1978 fiscal year. Public hearings will be held before the Council on Oct. 10 and 24 and at least two informal meetings will be held in the community between Oct. 24 and Nov. 14, when the Council must finalize requests for funding.
- Heard a report by Police Chief Don Burr that his department received 39 complaint calls between Aug. 10 and Sept. 17 about disturbances at the Hamilton House-Windjammer Lounge on Hamilton near Winchester blvd. The owners of a nearby apartment, who claim they're losing tennats because of excessive noise in the early morning hours, sent a letter of complaint to the Council asking for time Monday to discuss the problem. No one was present however, except the owners of the two businesses.

CHIEF BURR ALSO told councilmen he feels the city has been receiving some unfounded complaint calls in that area. While he conceeded there was a problem with unruly patrons in the parking lot and street outside these two businesses, Burr added, "I'm not sure all of the complaints are ligitimate."

City Attorney Bob Dempster was directed by the Council to draft a letter to the apartment owners explaining why the city can't just, "close the places up: as suggested.

- Heard a report by Mayor Bill Podgorsek of disturbances around an arcade on Winchester at Budd ave. According to Chief Burr his department received eight complaint calls between Aug. 9 and Sept. 16 reporting disturbances.

"If I can substantiate enough (complaint) calls," Burr told the Council, I will be back before you for a possible revocation of the business license or to review the operation.

Burr had an appointment with the arcade owner this week and he was directed to report back on the results of that meeting at the next council session.

Siren sounds

KIDNAP-RAPE

Campbell police are seeking a suspect on charges of kidnap and rape after a young Campbell woman reported she was abducted and assaulted by an assailant who entered her car as she was stopped at the intersection of Third st. at Hamilton last Thursday.

According to reports, the man, brandishing a hunting knive, entered the unlocked passenger side of the car and forced the woman to drive to an isolated spot at Rinconada Park where she was assaulted.

The noise of children playing nearby reportedly frightened the man during the assault and he fled the park leaving the victim.

$11,400 THEFT

A San Jose woman reported she was robbed of her household goods, including clothing and jewelry, while she was hospitalized earlier this year.

In the grand theft report filed last Tuesday, the cab driver told police all her valuables were stored in a public storage yard on E. Sunnyoaks ave. during her long hospitalization. She charged that her former roommate had the key to that storage area and removed her valuables.

Included in the theft report were household furnishings including an $1,800 antique desk, six cases of Tupperware valued at $1,000, a stereo, books and clothing.

Police are investigating.

DON'T LEAVE PANTS NEAR UNLOCKED WINDOW

A Los Angeles construction worker staying in a Campbell motel learned the hard way last Wednesday not to leave his trousers in plain sight near an unlocked window.

He reported to police that his pants, containing his wallet, were left draped over his suitcase near the front window when he fell asleep Tuesday night.

The next morning he awoke to find the window open and the trousers gone.

They were later recovered, along with the wallet, and the visitor was $71 poorer.

There was one happy end to this incident. The thief overlooked an additional $250 in cash the man had stashed in his wallet.

ADDING INSULT TO INJURY

A local automotive supply shop on S. Bascom ave. was reportedly burglarized sometime during the last 10 days

(Cont. pg. 8)

Weather. Make up your mind!

The changeable weather brought rain, clouds and a heat wave to Campbell last week. Doug Abbott, 8, tried this novel way to beat the heat. On the rainy side, though, a total of .74 inches of rain fell on the city bringing the season total since July 1 to .85. That may not sound like much but normal to date is .16. No serious accidents were reported during Monday's rains but commuters had to contend with the traffic lights out at Bascom and Campbell ave.

School and city confab planned

City officials and trustees in the Campbell elementary school district will be meeting on Monday, Oct. 3 to discuss several areas of mutual interest. That includes the interium and future use of the Hamilton School site, the Neighborhood School Park program and community-use of schools.

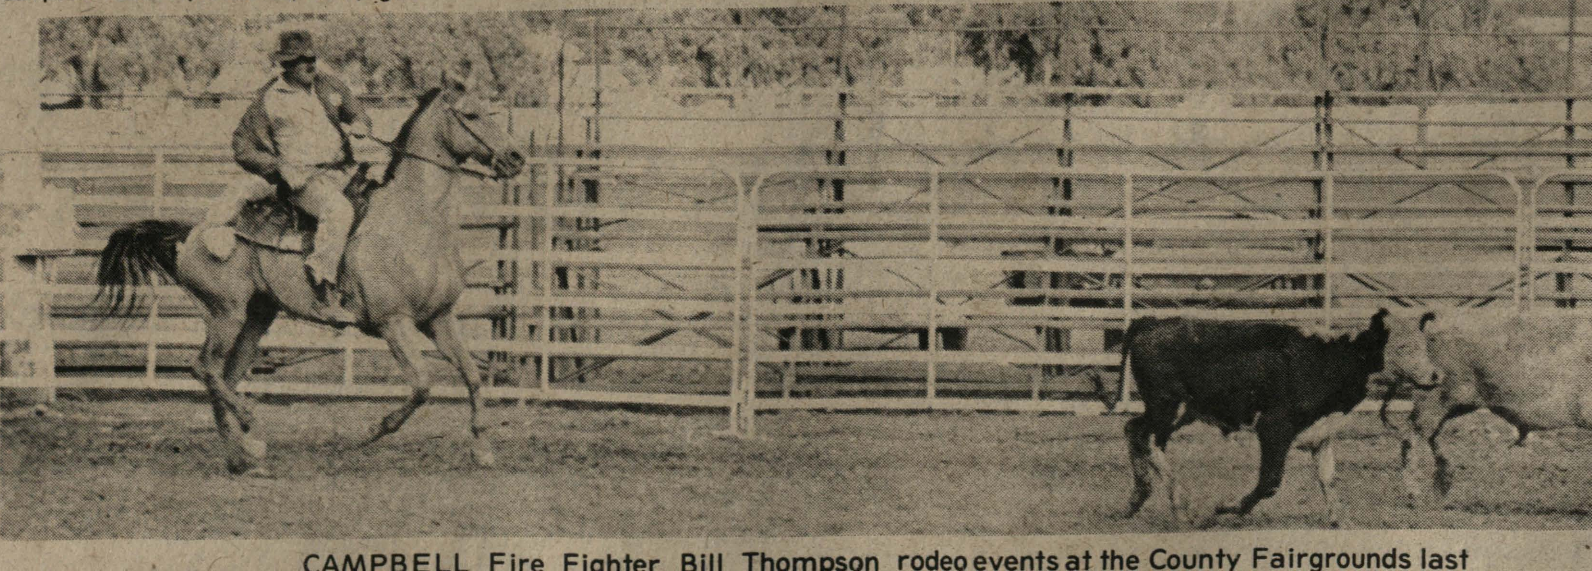
But there's one prime topic they may not be able to talk about; the Old Campbell grammar school property at Winchester and Campbell ave.

The city and district are on opposite sides of a condemnation suit involving part of that property for the north loop and unless it's settled by Oct. 3 they won't be able to discuss the property on the advise of their attorneys.

Campbell City Attorney Bob Dempster said Monday he feels a settlement of that suit is still 90 to 120 days away.

"I don't feel the delay is coming from our end," Dempster added.

The joint meeting is set for 7:30 p.m. Oct. 3 in the Campbell Junior High School cafetorium.



CAMPBELL Fire Fighter Bill Thompson was one of several locals taking part in pre-rodeo events at the County Fairgrounds last Wednesday.

Section 21.06.130 Changes in Development Plan

Section 21.06.140 Inspection by Planning Director

Section 21.06.150 Follow-up

EXHIBIT "A"

CHAPTER 21.06

PLANNED DEVELOPMENT DISTRICT

21.06.010 PURPOSE

This district is designed to provide for and allow within its boundaries a use or development, or a combination of uses or types of uses or types of developments, which is (are) determined to be in conformance with the General Plan of the City of Campbell. This district is also designed to provide a degree of flexibility which is not available in other zoning districts. Development plans which must be submitted for approval prior to issuance of a Planned Development Permit must clearly demonstrate that the proposed use(s) or developments(s) will result in a more desirable environment and use of land than would be possible under any other zoning classification.

21.06.020 PERMITTED USES

Any use or development which is determined to be in the best interests of the City of Campbell may be approved in the Planned Development Zoning District. Unless otherwise stated in this chapter, under provisions for a Use Permit, development plans shall be approved by Ordinance by the City Council after public hearing. In order to aid the City Council in adoption of an ordinance, the Planning Commission shall also hold a public hearing on any application for Planned Development Permit and shall transmit its findings and recommendations by Resolution to the City Council within 60 days after the filing of the application.

21.06.030 PLANNED DEVELOPMENT PERMIT

An application for a Planned Development Permit may be made by the owner of the property affected, or an agent of the owner as authorized in writing. The application shall be filed with the Secretary of the Planning Commission and shall be accompanied by the following:

1. A filing fee in accord with the schedule of fees estabIsihed by the City Council, no part of which is returnable.

2. A clear statement in writing describing the development and any other information that would aid the Planning Commission and City Council to arrive at a decision.

3. Legal Description of the property.

4. A development plan which meets the requirements of Chapter 21.42, site and architectural approval.

5. A development schedule indicating the latest date on which construction of the project is to begin, and the anticipated date of completion.

PUBLIC NOTICES

A Planned Development Permit shall expire upon expiration of the development schedule. A development schedule may be extended or reinstated by the Planning Commission upon receipt of a written request which includes a new development schedule.

21.06.040 PROJECTS WHICH MAY BE APPROVED BY USE PERMIT

1. For projects in an existing Planned Development Zone which have an estimated construction value to be established by the Building Department of less than 25,000.00 dollars, a Use Permit may be considered and approved by the Planning Commission in accord with provisions of Chapter 21.64 (Conditional Use Permit). Any Use Permit approved by the Planning Commission for developments in the Planned Development Zoning District shall be referred to the City Council for ratification. Use Permits approved under provision of this section shall not become effective unless and until such ratification is given.

21.06.050 PROJECTS WHICH MAY BE APPROVED BY THE PLANNING DIRECTOR

The Planning Director may approve minor additions to existing single family residences in the Planned Development Zoning District. The Planning Director shall not approve any such addition if, as a result of the addition, the dwelling will be used for purposes other than a single family residence.

21.06.060 PUBLIC HEARING BY THE PLANNING COMMISSION

The Secretary of the Planning Commission shall examine all applications for Planned Development Permits and Use Permits in connection with this Chapter, and if same be found complete and sufficient, the Secretary of the Planning Commission shall set the time and place where the same will be heard by the Planning Commission. Notice of time and place of such public hearing shall be given as required, at least ten (10) days prior to the Planning Commission meeting.

21.06.070 ACTION BY PLANNING COMMISSION

Following the hearing and within sixty (60) days after the filing of the application for a Planned Development Permit, the Planning Commission shall make a report of its findings and recommendations to the City Council by resolution.

b) The Planning Commission may recommend such conditions in connection with the Planned Development Permit as it deems necessary to secure the purpose of this title.

c) Following the hearing and within sixty (60) days after the filing of the application for a Use Permit the Planning Commission shall make a determination in accord with Chapter with Chapter 21.64 (Conditional Use Permits).

21.06.080 PUBLIC HEARING BY CITY COUNCIL

Upon the receipt of the report of the Planning Commission, the City Clerk shall set the matter for public hearing before the City Council.

21.06.090 ACTION BY CITY COUNCIL

(a) The City Council shall render its decision by Ordinance within thirty (30) days after the conclusion of such public hearing.

(b) The City Council may designate such conditions as it deems necessary or appropriate to secure the purposes of this chapter, and may require guarantees and evidence that such conditions are being or will be complied with.

21.06.100 ARRANGEMENTS FOR PUBLIC IMPROVEMENTS

At the time of adopting any ordinance establishing a Planned Development District, the Council shall make appropriate arrangements by the requirement of dedication, bonds, and agreements as appropriate, which will insure the accomplishment, at the scheduled times, of the various public improvements and dedications shown on the development plan as approved.

21.06.110 PERMITS NOT TO BE ISSUED IF NONCONFORMANCE EXISTS.

No Planned Development Permit, building permit, business license, or any other type of permit shall be issued for any use in a Planned Development District where such use does not conform to the development plan as approved by the City Council. No building permit is to be issued unless it is first ascertained that a valid Planned Development Permit exists for the use in question.

21.06.120 MINOR CHANGES OF PLANNED DEVELOPMENT PERMIT

Minor changes pertaining to the use, location and/or dimensions of a use may be approved by the Director of Planning providing a prior Planned Development Permit insures general conformance of the structure or use to the development plan. In case of disagreement over what constitutes a minor change, the Director of Planning may request a determination of the nature of the change from the Planning Commission. Planned Development Permits for uses not requiring a building permit shall be obtained before the use is established. Detailed site plans, architectural and landscape plans and architectural drawings must be presented to the City with application for Planned Development Permit.

21.06.130 CHANGES IN DEVELOPMENT PLAN

Changes in the development plans shall be considered the same as changes in the zoning map and shall be made in accordance with the provisions of this title.

21.06.140 INSPECTION BY DIRECTOR OF PLANNING

From time to time the Director Planning shall compare the actual development accomplished in the various Planned Development Districts with the approved development schedule and shall report his findings to the Planning Commission.

21.06.150 FOLLOW-UP

If, in the opinion of the Planning Commission, the owner or owners of property in any Planned Development District are failing or have failed to meet the approved schedule, the Commission may initiate proceedings to remove the Planned Development District from the zoning map, or to the amendment of the development plan. Upon the recommendations of the Planning Commission, and for good cause shown by the property owner, the City Council may extend the limits imposed by the development schedule.

PASSED AND ADOPTED this 12th day of September, 1977, by the following roll call vote:

AYES: Councilmen: Chamberlin, Doetsch, Hammer, Paul Podgorsek

NOES: Councilmen: None

ABSENT: Councilmen: None

APPROVED:
William R. Podgorsek,
Mayor
ATTEST:
Phyllis O. Acker,
City Clerk

How to move 280 students and 17 teachers in one 'easy' semester

IF YOU THINK the hassles of moving are a trial, consider the scene at Campbell Junior High School this fall.

A total of 280 students and 17 teachers and counselors were trasnferred into the 295 W. Cherry lane school, along with new facilities and portable to handle the close to 800 total students. There were lockers to move and paint, supplies to order and a hundred other details to look after.

But things have gone well says new Principal Gordon Vallandigham.

"There are smiles, waves 'hellos'. Just a good, happy spirit here," the school administrator says.

This may not sound too remarkable except for the fact that the sifting of Blackford junior high age students to Campbell also meant a big shift in loyalties for an age group that is more than a little clannish.

But the newly expanded Campbell Junior High has a combined student government which includes the three elected officers from Blackford and Campbell.

JUST LAST WEEK they decided among themselves who would be president, vice president, etc.

And they're also tackling other issues to be settled such as adopting the official school colors and mascot.

According to President Denise Staggs, the Student Government Class came up with a tie vote on the school color issue. (The final decision on this, and the mascot, will be decided in a student body election).

First choice of student representatives was for red, white and blue (combining both school's colors) and red and blue. Second place went to gold and black with six votes while blue and white came in last with three.

The new school mascot may not be new if the straw vote is any indication. The Campbell Bulldogs (the original mascot) garnered 18 votes compared to the Campbell Cougars which came in second with 16. Also rans were the Cabrillos and the Coyotes.

CONSTRUCTION WORK has been underway all summer at the school site with portables brought in and two new P.E. activity rooms being built. So far, things are moving along on schedule.

Two of the four portables are in use (the industrial arts buildings) and the two art rooms should be done the first week in October.

No student is getting marked down for not bringing in P.E. uniforms yet, since the expanded shower and locker rooms aren't done.

"Kids wear comfortable clothes and shoes they can play in," explains Los Hoyt, vice principal.

Most of the P.E. schedule is going on as usual but more strenuous activities like weight training and basketball are waiting until showers are done in about three weeks.

There were a few hitches in the gigantic move. Like the 37 students who showed up for the first typing class when there are only 34 machines (the others will take it later in the year).

OR THE SCHOOL bus situation. Originally school officials were told they'd have four buses. But that figure was upped to six and children helped out by delivering the revised bus schedules to homes in the Dover and Leigh areas before school started this year.

Then there were the workmen from the corporation yard who showed up to do interior work on the art rooms to find a sub-contractor had just laid fresh cement in front of the building.

But, all in all, the move has gone remarkably well, Vallandigham says.

There's still plenty of juggling around as classes are held in any space available until the buildings are completed.

"Right now we're using every nook and cranny," Hoyt laughed.

HURRYING TO class at Campbell Junior High School, students don't look any different than they did last year. But there is a big difference; the student body has grown from 500 to 780 and will top 800 by October 1. While there have been a few growing pains, things have gone well since the move was planned over a year in advance. And there are some advantages to having more students. Like the new school chorus, beginning instrument classes and the string section.

Church series begins

The fall adult education series at St. Lucy's Church begins tonight, Sept. 22 in the audio visual room at St. Lucy's School, 2350 Winchester blvd.

Classes include "Sacraments," by Fr. Jack A. Benser (Sept. 22-Oct. 13), "Jesus and His Church," by James B. McGill (Oct. 20), and several other courses which run through Nov. 17.

For more information call the church at 378-2464.

City eyes $335,000 for park

Campbell will be asking the county to fund $335,000 in improvements for Los Gatos Creek Park out of park override taxes.

That's in addition to the $260,000 in city, state and county funds going into improvements currently. And it's also $225,000 more than the city expected to ask for.

After a meeting with County Supervisor Rod Diridon, city officials upped that request.

Included in the latest plans are extensive screening and landscaping of the east creekside south of Camden ave., between Camden and Campbell ave. sprucing up the county park area off Dell ave. and providing more benches, fishing piers and bike paths.

The city's request will be heard by supervisors on Sept. 27.

in memoriam

MATTHEW HENRY DAVIS

Funeral services were held in Campbell Tuesday for Matthew (Matt) Henry Davis, 46, who died suddenly while on vacation in Hollister Sept. 18.

A native of Kingston, New York, Davis had lived in this area for 25 years and had been the hardware manager at Campbell Lumber Company for the past 20 years.

His home was at 309 Christopher ave.

Surviving are his wife, Patricia J. Davis of Campbell; a son, Clifford Davis and two daughters, Cheryl and Christine Davis, all of Campbell. He was the brother of Clifford Davis Jr., and Bruce Davis of New York and Fred Davis and Paul Davis of San Jose. He was the son of Clifford Davis, Sr. of New York and the late Catherine Davis.

Darling Fischer Campbell Memorial Chapel handled local arrangements.

Burial was in Los Gatos Memorial Park.

CLIFFORD G. LEONG, O.D.
ARTHUR W. LOW, O.D.
IRA L. ROLAND, O.D.

PRESS arena

Sandy found a home

EDITOR:

I want you to know that the article you were good enough to place in the PRESS succeeded in getting a home for "Sandy." We are grateful for your help.

We received no calls on Wednesday, Thursday or Friday. On Sunday, however, a family which had just been too busy doing things for their kids, finally read the Wednesday paper. They called on Monday and we started pre-placement visits the next day.

Articles in the paper do not always have such glittering success. But the drops of information continue to fall on public ears and hopefully, the right people will eventually hear us. Again, thanks for your help and understanding.

Carol B. Prussia,
Foster Home Recruiter;
Santa Clara County Department
of Social Services

An answer from Cranston

Several weeks ago Arva Knowles of Campbell had an open letter published in which she expressed concern over the legal aliens in this country and their drain on the tax dollar. The following is the reply she received from Senator Alan Cranston.

Dear Mrs. Knowles:

Thank you for your message regarding SSI and public assistance benefits for recent immigrants. I appreciate this opportunity to discuss the concerns you raised.

I think the first point to clear up is that the law does not permit SSI or public assistance payments to undocumented immigrants who've entered this country in violation of our laws.

Second, SSI is not a pension plan, but a low-income supplement program financed by general funds of the U.S. Treasury. It is designed to assist aged, blind or disabled individuals residing in the U.S. who have little or no income or resources.

Our immigration laws are designed to bar entry to persons who are likely to become public charges. An immigrant's sponsor must assure the government that the newcomer either has a job or will not become a public charge. However, a recent court decision has questioned the power of the government to enforce the sponsor's promise in the event that the immigrant goes on welfare. In addition, the words "public charge" have been interpreted administratively to exclude welfare payments.

Nevertheless, there is no evidence that our nation is being inundated by great numbers of new immigrants seeking to reap SSI benefits. In 1975, about 12,000 persons over age 65 (the SSI eligibility age) were admitted as immigrants. There are no figures on how many of these immigrants sought welfare assistance. SSI eligibility requirements also are designed to minimize abuse of the program. I know, however, that some abuses do occur. You can be sure that I will support efforts to protect the integrity of this program.

I was glad to have your views on this important matter, and hope that you'll continue to keep in touch.

ALAN CRANSTON

Samantha's back from Memphis

EDITOR:

Memphis was a fun-filled, exciting successful weekend. Samantha placed fifth runner-up in the Little Miss Nationwide talent competition.

She wishes to thank her sponsors for this opportunity. Woodmen of the World, Tasty Sandwich Company, Collegiate Custodians, Western Majorette Supply, Lifetime Cookware, Elite Cleaners and California Canadian Bank.

Can we mention that Samantha is available to make appearances and perfrom for clubs and organizations and special events?

Thanks too for the beautiful send-off.

Jan Stiner

Speak up...will you?

During the last two years there have been numerous public and informal hearings set by city officials to find out how the people want federal funding spent.

At all but one of these hearings, there were more city and staff people there than residents.

Monday night the City Council again opted to hold informal sessions out in the community as well as the mandated public hearings to get citizens' ideas on how the city should spend the $400,000 to $440,000 in federal Housing and Community Development funds we'll receive in the 1977-78 fiscal year. These meetings will be scheduled in late October.

Other than making sure the funds are targeted to the low and moderate income areas and that salaries aren't included in proposals, these HCD funds can be used in any way the city sees fit.

Let's not have a repeat of the Federal Revenue Sharing hearings last month when not one person appeared to discuss how the city should spend the estimated $320,000 in funds not already allocated.

Surely someone out there has something to say.

If you think our fire fighters are found only in the local fire house, you weren't one of the thousands who attended the Fire Fighters Rodeo last weekend. Several locals traded their helmets for cowboy hats and tried their hand at bull riding and team pinning. (Another impression brought to you by The Silent Company mime troupe.)

Photography by Ray Downey-Laskowitz

We hear you

(Cont. from pg. 1)

I agree with the person concerned about the recycle center at Campbell High School, But there wasn't any answer in the paper. What's the problem?

Waiting

Editor's note: According to a PTSA leader at Campbell High School the faculty advisor who was working with the students left this summer for a teaching job in Oregon and a lack of leadership has been the main problem. According to this person the recycle center is NOT part of the high school so it wasn't a simple case of assigning someone else to take over. A couple of the 5 or 6 active students recently met with the PTSA to get support in getting more student volunteers and parent helpers. The Center was scheduled to be open last Saturday and will now be closed for several weeks while street work is going on in front of the school. So, DON'T bring bottles, papers, etc. to the Center for now.

There's one factor in your story about the senior citizens housing complexes that no one is considering. They'll be tax exempt which means that the rest of us will be paying the taxes to support services for these projects. What do you think of that?

Taxpayer

Editor's note: Two of the projects, Wesley Manor and the Housing Authority project will be exempt. But, according to one federal official, these projects will be paying "in lieu" taxes based on a percentage of their gross annual revenues. This tax is paid to the city and is meant to off-set some or all of the cost or providing services.

ORDINANCE NO. 1119

AN ORDINANCE OF THE CITY OF CAMPBELL AMENDING CHAPTER 18.08 OF THE MUNICIPAL CODES BY ADDING PARAGRAPH (f) (g) (h) TO SECTION 906 OF THE UNIFORM PLUMBING CODE RELATING TO SPECIAL FIXTURES AND SPECIALTIES.

THE CITY COUNCIL OF THE CITY OF CAMPBELL DOES ORDAIN AS FOLLOWS:

The following section is hereby added to Chapter 18.08 of the Campbell Municipal Code to read as follows:

Section 18.08.043 Modifications. Paragraph (f), (g), and (h) are hereby added to Section 906 of the 1973 Uniform Plumbing Code to read as follows:

(f) Tank type toilets: No new commercial building, industrial building, hotel, motel, apartment house, or dwelling shall be constructed which employs a tank type water closet that uses more than an average of 3½ gallons of water per flush. No addition to, or renovation of an existing commercial building, industrial building, hotel, motel, apartment house, or dwelling shall be constructed which employs a tank type water closet that uses more than an average of 3½ gallons of water per flush unless compliance with the requirements of this Section would require substantial modification of the existing plumbing system. A standard flush toilet may be allowed when, in the opinion of the Building Official, the configuration of the building drainage system requires a greater quantity of water to adequately flush the system.

Tank type water closets having a tank capacity in excess of 3½ gallons but equipped with devices that reduce average water consumption to no more than 3½ gallons per flush, , shall be deemed in compliance with this Section.

Tank type toilets and water consumption reducing devices hereinabove required shall be of a type approved by the State of California Housing and Community Development Department.

Prior to January 1, 1978, the Building Official may allow the use of standard flush toilets when, in his opinion, there is an inadequate supply, including a choice of styles or colors for the consumer, or water closets specified in this Section to meet the needs of new construction.

(g) Faucets: Sink faucets, tray faucets, and lavatory faucets installed in new residential, commercial, and industrial construction shall be of a type, or shall be equipped with an aerator, which allows a flow of no more than 3½ gallons per minute.

(h) Shower: Showers, including shower heads over bath tubs, installed in new residential construction shall be equipped with valves and/or shower heads which allow a flow of no more than four (4) gallons per minute.

PASSED AND ADOPTED this 12th day of September, 1977, by the following roll call vote:

AYES: Councilmen: Chamberlin, Doetsch, Hammer, Paul, Podgorsek

NOES: Councilmen: None

New booklet is out

Save on water -- grow a beard

By PAT SAFFORD

"IT'S TIME TO realize that while 'cleanliness is next to Godliness', water conscious cleanliness is even closer," says Dave Eicher.

And he and his wife, Mary, set down a list of common and not-so-common water saving ideas in booklet form to illustrate that point.

The spark that prompted the Eicher's to produce their "Water, Water . . . Everywhere?" booklet, now selling for $2 in local bookstores, was the lack of a concise information book on water saving measures.

"In the last two years we've become very aware of the drought," Eicher explained," but when we tried to find literature on ways to save on water use there wasn't much."

What Eicher says he found at the local library was a folder chock-full of mineographed sheets giving tips on saving water in the garden, or the house, or in the laundry.

Those mimeographed sheets, plus some novel suggestions of their own make up the 17-page booklet which went to press last month.

AN EXAMPLE of the unusual tips includes:

"Children love to play in water so it's a good idea to remove the handles from all outdoor spigots and store them were children cannot find them."

Or: "Why shave? Grow a beard. Or, if you must shave, heat the water in a kettle on the stove."

The booklet also includes the standard savings practices now employed by many households such as installing a flow restrictor on the shower head, watering the lawn by hand to avoid watering the gutter too, and waiting until there's a full load before washing clothes.

"It's very easy to waste water without realizing it," Eicher commented last week. "The thing to do is watch your water meter."

And this week's rains haven't put a crimp in the need to save on water, Eicher said.

"A LOT OF people assume when the rains comes this fall the drought will be over. Actually, it will take three years of above average rainfall to get the reservoirs back to normal."

The Eicher's practice what they preach too. A 40-gallon galvanized garbage can is used to reclaim water from their washing machine and this is used to water the garden of their Via Milano ave. home.

Keeping up on home maintenance can go a long way in reducing water usage too, they say.

A dripping faucet can waste up to 50 gallons of water a day, while a leaky or running toilet can waste up to 1,000 gallons daily.

For the water conscious here's a few more statistics:

- Washing dishes by hand takes about 10 gallons of water while a dishwasher uses about 16 gallons.
- The average faucet dispenses 10 gallons of water a minute when turned on full blast.
- A three minute shower, without use of a flow restrictor, uses about 30 gallons of water.
- Each toilet flush uses about 7 gallons.
- A full bath tub holds 36 gallons of water.
- Nearly half of the water consumed by an average family is used outside the house and nearly 70 per cent of that is lost to evaporation or to the sewer.

EICHER SAYS he feels most of his west side neighbors have been careful about water use but there is one thing that really bothers him.

"The Water District has a pumping station nearby on Cia de Estes," he said, "and it's ironic that while they're asking us to cut back on water they have the lushest, green lawn on the block."

Showing the way they save on water use is Dave and Mary Eicher who live with their two daughters in Campbell. Dave is a technical writer for a large computer firm while Mary is a supervisor of technical writers in another division of the firm. Ironically, while the photographer was snapping this picture last week the Eichers' new neighbor was running the garden hose full blast to wash his car and went inside to answer a phone call, leaving the water running.

(Photography by Amy Huntoon)

Martin claims school board is in violation of the U.S. Constitution

A LOCAL TEACHER leader charged the Campbell elementary school board, "has been holding private meetings in public for the last five months," last week and said his group plans to take them to task for it.

Gordon Martin, president of the West Valley Federation of Teachers, said they're preparing to move against "the new restrictive policies of the Campbell Elementary District."

"Since the new board officers were installed last May," Martin claimed, "the board has refused to place letters from the public on the agenda, and has virtually eliminated all participation from the electorate."

AT TONIGHT'S BOARD meeting Martin said he plans to try to read two letters submitted to the Board before the agenda deadline last week.

Originally, district sources said Martin's letters would not be included for tonight's meeting but Superintendent Walt Hauss said Monday Martin will be allowed to speak under the "public discussion" portion of the agenda.

Hauss added he didn't understand what all the fuss was about.

Letters and oral communications to the board were formerly routinely included on agendas and, during hotly contested issues, sometimes the letters alone took close to an hour to read and comment on.

Under new board president Donna Baird a new "streamlined" procedure for handling communications has been instituted.

Two trustees, including Baird, meet with Hauss to set up the agendas and decide what will and will not be included.

Hauss said Monday that letters considered appropriate can be discussed by the person concerned under public discussion.

WHO DECIDES what is appropriate?

"That is a subjective judgment," Hauss said.

Instead of airing communications in public as in the past, Hauss said it's been his polict in the 20 years he's been in public education to route requests for information or complaints internally for a response.

Martin, for one, isn't happy with the new way of doing things.

He plans to tell trustees tonight that their present policies, "are in violation of the First and Fourteenth Amendments to the Constitution of the United States, the laws of the State of California," and the board's past practices and procedures.

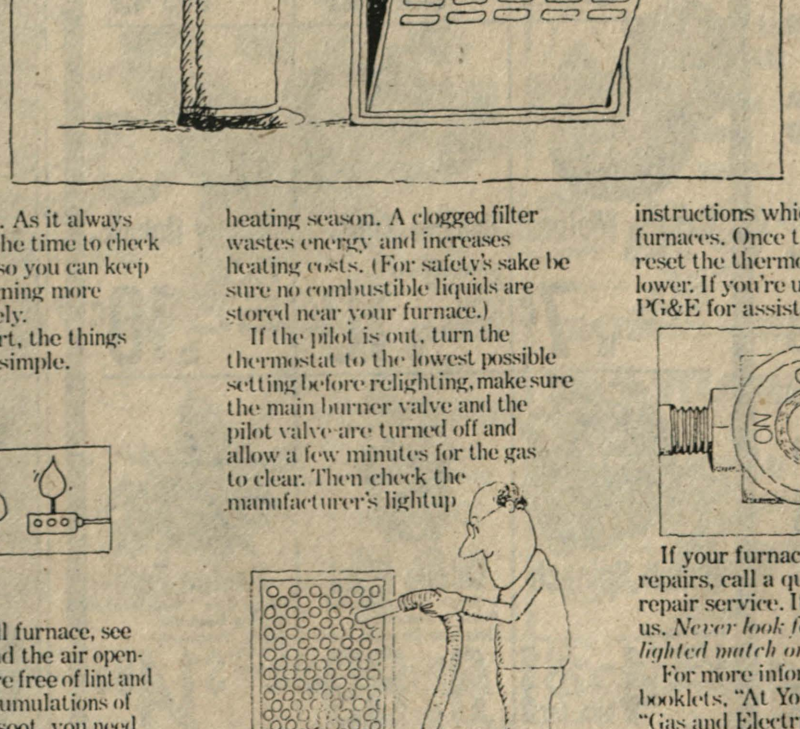
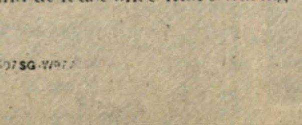
It's time you and your gas furnace started doing things for each other.



Winter's coming. As it always does. And now is the time to check your gas furnace, so you can keep the home fires burning more efficiently and safely.

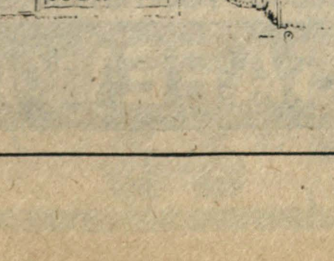
For the most part, the things you should do are simple.

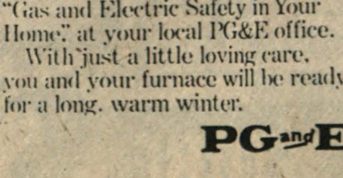


If you have a wall furnace, see that the area around the air openings and controls are free of lint and dust; if you see accumulations of what appear to be soot, you need the help of an expert.

If you have a central furnace, clean or replace the air filter now, and at least once more during the heating season. A clogged filter wastes energy and increases heating costs. (For safety's sake be sure no combustible liquids are stored near your furnace.)

If the pilot is out, turn the thermostat to the lowest possible setting before relighting, make sure the main burner valve and the pilot valve are turned off and allow a few minutes for the gas to clear. Then check the manufacturer's lightup instructions which appear on most furnaces. Once the pilot is ignited, reset the thermostat to 65° or lower. If you're uneasy about it, call PG&E for assistance.





If your furnace needs parts or repairs, call a qualified furnace repair service. If you smell gas, call us. *Never look for a gas leak with a lighted match or other flame.*

For more information, ask for our booklets, "At Your Service" and "Gas and Electric Safety in Your Home." at your local PG&E office.

With just a little loving care, you and your furnace will be ready for a long, warm winter.

PG and E

● *olga*

Frivolous, flirtatious, easy to flatter: Lib

ARIES (March 21-April 19): What the gods have dealt is fair, Ari, so stop whining. The game is over and someone else cashes in the chips for a change. A winner by nature, you find this hard to take. But take it you must. Next week will be rosier. Honestly. Would Olga kid a sweetieface like you? Never.

TAURUS (April 20-May 20): Solve new problem with old-fashioned solution, Taurus. Axioms apply. Lay everything on thick. Salve, compliments and alibis. Week slithers to a hectic finale.

GEMINI (May 21-June 20): Protect yourself from rude invasion, Gem. A show-down with pushy associate may be in order. You're certainly not shy but you are civilized, and others (the boors especially) sometimes try to take advantage. Week ends on spunky note.

CANCER (June 21-July 22): Self-understanding highlighted. Don't be surprised if you meet the enemy and he/she is you. Have you allowed yourself to become court jester in your own castle? If so, then it's time you take off that silly hat you're wearing and start demanding respect. NOW.

LEO (July 23-Aug. 22): One who has reputation for "soft-sell" is actually film-flam artist. Only if you stay alert and stay calm can you hope to stay solvent. Week of many choices ends on key of C for career, cash and candor.

VIRGO (Aug. 23-Sept. 22): You get chance to move up on totem, Virgo. New position gives you not only more prestige but also better vision. Hidden machinations can now be seen. Complex week stumbles to a noisy conclution.

LIBRA (Sept. 23-Oct. 22): Happy Birthday Libra! You are flexible, artistic, easygoing, romantic and somewhat of an idealist. You are also frivolous, flirtatious and easily flattered. But you are seldom flummoxed. When it comes to decisions your instinct is usually right. October and March memorable months in year ahead. Logic opens a universe of freedom.

SCORPIO (Oct. 23-Nov. 21): Check blueprints, Scorp. Deviating from plan can result in major tilt. Exactness builds solid foundation for present project. Helper may think you picky. So what? Stick to your slide rule and final days finds you laying corner stone. Or whatever.

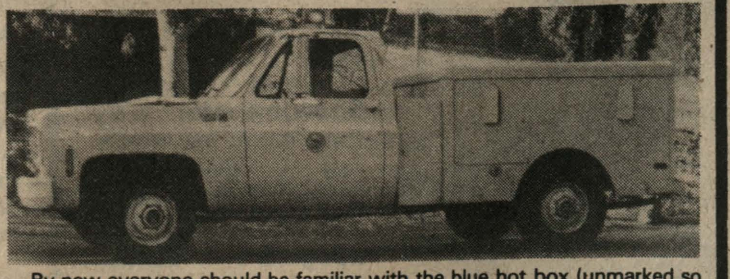
SAGITTARIUS (Nov. 22-Dec. 21): Put the "give" back into "give and take" Saj. Positive attitude generates friendly current and you get added jolt. While power is high, forge ahead. Emotionally-charged week ends with a switch.

CAPRICORN (Dec. 22-Jan. 19): Keep on truckin', Cap, for you have miles to go before you sleep and no room for hitchhikers. Taking "the road less traveled by" may mean many lonely nights, Cap, but it will make all the difference. Honestly. Olga knows.

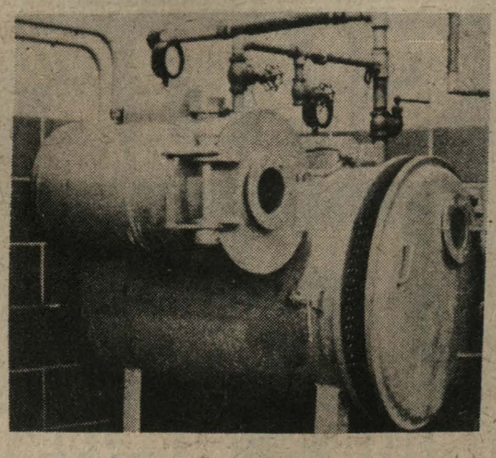
AQUARIUS (Jan. 20-Feb. 18): The whistling you hear ain't "Dixie", friend, it's Snow White and the Seven Dwarfs going off to work. W-O-R-K — and that spells "trouble" if you don't get there on time. Vacash is over, and now it's back to the old grind. Sharpen your pencils and your wits. But not your tongue, because that's sharp enough already.

PISCES (Feb. 19-March 20): Your symbol of the two fishes swimming in opposite directions illustrates the two opposite forces within you, Pisces. You are both positive and negative. You are the sage and the fool. You are saint and sinner. In short, you are all of us. This week you are lured by ancient line. Don't bite.

FROM THE FRYING PAN →



INTO THE FIRE



the EUTHANAIR *Animal Killer*

By now everyone should be familiar with the blue hot box (unmarked so that you might have difficulty in identifying it) of death cargo that prowls the streets of Santa Clara County. These animal pound pick-up death traps are sanctioned by and purchased by the county with your Tax Dollars, and are apparently the best answer that our highly educated government officials could come up with to cope with the relatively few serious problems that arise, and which could and should be handled locally in a Humane manner. And most people do not realize how many harmless animals are constantly being seized, sometimes actually from their owners. Healthy animals have been known to have been found dead on arrival at the "Humane Society." For them, the terrorizing hot ride after it had been yanked from its spot of capture was the final terror, and that animal at least escaped the cruel and barbaric Euthanair which is the fitting climax for most of the days catch.

You do not need to be a great lover of animals to actively protest so brutal a system.

ONLY NEUTERING OR SPAYING WILL STOP THE DAILY SLAUGHTER OF UNWANTED MILLIONS OF ANIMALS.

Seek out and support the Veterinarian who fights this unnecessary killing by charging affordable neuter and spay fees. OR Write ALL for list of low-cost locations. (ALWAYS INCLUDE SELF-ADDRESSED STAMPED ENVELOPE).

Profit from notoriety

Assemblyman Jerry Lewis, R-Redlands, is drafting legislation aimed at preventing criminals from making profits from their notoriety.

The measure reportedly will also include the "Crime Victim Assistance Fund," to aid victims of violent crime attacks.

Under the plan, any money earned through a criminal publishing accounts of his crime, or through any other means related to the criminal act and the subsequent publicity given to the offender, will be distributed into the Crime Victim Assistance Fund.

What's in a word?

Assemblyman Barry Keene, D-Eureka, has blasted Assembly Ways and Means Committee Chairman Daniel Boatwright, D-Concord, for his use of the word "schlock," referring to Keene's medical cost control bill, stalled until January in Boatwright's Committee.

Keene, who plans to re-introduce the measure next session, wrote Boatwright in a letter dated Aug. 25:

"I not only take exception to that characterization, but I regard your conduct lacking objectivity and well beyond the scope of the traditional authority of the Ways and Means Committee."

To thwart false I.D.'s

State Senator Robert Presley carried a bill to the Senate floor last week which, if approved, would allow the State Registrar of Vital Statistics to cross-reference state birth and death records. The move would prevent criminals, or would-be criminals, from establishing false I.D. by using someone else's birth certificate. Presently, there are no strict controls governing the release of such documents.

The bill, authored by Assemblyman Jerry Lewis (R-Redlands), is expected to meet little opposition.

Post's future

California Legislative Analyst A. Alan Post will become a sepcial consultant to Touche Ross & Co. upon his retirement Sept. 1, it was announced Wednesday. Post, who has served for 28 years as the legislature's "fiscal guardian," will advise the international accounting and management firm on public sector work.

Against Panama treaty

Senator H. L. Richardson, R-Arcadia, has authored a Joint Resolution urging the United States Senate not to ratify the Panama Canal Treaty, claiming the agreement will lead to "a much greater threat of major confrontation with the U.S.S.R."

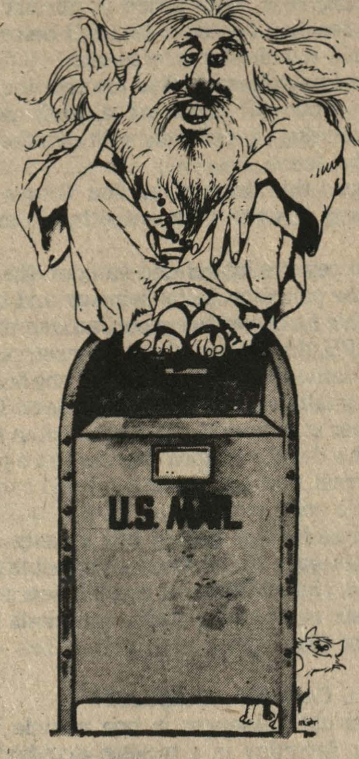
"YOU DON'T HAVE TO CLIMB A MOUNTAIN TO GAIN ENLIGHTENMENT."



Just send away for the Consumer Information Catalog and a key to enlightenment will appear in your mailbox.

The Consumer Information Catalog is put out by the Federal Government. And it lists over 200 of their booklets that you can send away for. Most are free. And they can help you with things like how to buy a home, how to grow vegetables, how to deal with headaches, simple plumbing repairs and many other everyday and not-so-everyday problems.

So if you wish to learn about the mystic sensibilities of the wayward ancients, put on your climbing gear.

But, if you wish to know about how to fix a leaky faucet, send for the catalog. Write: Consumer Information Center, Dept. A, Pueblo, Colorado 81009.

Remember, it's free. Which is only right. After all, the first step towards enlightenment shouldn't enlighten your pocketbook.

THERE ARE STILL DRAGONS THAT NEED SLAYING

Newspapers in the past used to pride themselves on being watchdogs and defenders of people's rights. Perhaps it's old-fashioned, but our newspaper staff still feels that way.

Over the past 20 years, we've been modestly successful in helping to expose some crooked politicians, some high-handed government officials, and some sleazy practises in private business as well as city halls.

With the support of our readers we plan to keep the lance sharpened and ready when needed . . . whether to cut through some government curtain or secrecy or puncture some pompous political rhetoric.

We think that's the kind of job you want us to do.

TAKING A MIGHTY swing on the racquetball court is Tammy Mollin, 18, while her brother Steven, 7, waits to return the volley. Two racquetball classes are scheduled by Campbell Community Services this fall. The Monday class meets starting Sept. 26 at the Wallbangers on Slamar ave. at 10:30 a.m. while the Saturday session gets underway on October 1 from 11 a.m. to noon. Fee for the eight week course is $15. Call 378-8141 weekdays for more information.

(Photography by Amy Huntoon)

Siren sounds

(Cont. from pg. 1)

while the owner was away house hunting in Oregon.

Last Tuesday when he returned, the man reported the theft of $2,420 worth of automotive equipment to Campbell police.

Listed among valuables taken was his audible burglar alarm system.

The Burglar(s) apparently disconnected the alarm system and took it with them.

A MERRY CHASE . . . AND 10 CHARGES

A 24-year-old San Jose social worker led police on a four mile chase last Sunday morning reportedly narrowly missing two of the four patrol cars involved in the pursuit, and slightly damaging a third.

According to reports, the incident started in the parking lot of a cocktail lounge on Hacienda Ave. shortly after 1 a.m. Sunday when officers, on a routine patrol spotted the man asleep or unconscious in his car.

Officers say the man had the car engine running and they tried to rouse him to make sure he was all right. Taps on the window and shouts finally woke the man who then refused to open his car window to talk to police. Instead, the man reportedly put the car in gear and began to drive away. When a Campbell patrol car blocked his way the man put the car in reverse and sped out onto Hacienda ave. traveling east. With police in pursuit the motorist reportedly reached speeds of 60 MPH before stopping at the Hacienda-Winchester intersection.

As the two patrolmen walked towards the car, the man reportedly drove off again at a high rate of speed narrowly missing a collision with another patrol car called to the scene.

He stopped this time on the San Tomas Expressway near Highway 17 when intercepted by a San Jose police car.

After he reportedly refused to open the window . . . again . . . the police broke the window and the man sped off again, this time eastbound on Camden ave. at speeds up to 85 MPH through residential streets where his car sheared off some shrubbery in front of one home.

He was finally stopped permanently on Camden ave. west of Taper st. where he was arrested on two counts of assault with a deadly weapon (his car) on a police officer, resisting arrest, reckless driving, hit and run and several other vehicle code violations.

At the time he was booked into County Jail, several more charges were added. One was possible possession of illegal drugs (found during a routine search) and there were also six outstanding traffic warrants in his name totaling over $200.

FISH BOWL CAUSES ACCIDENT?

An 8-year-old passenger in one vehicle was slightly injured last Saturday in a two-car accident which was apparently triggered by a spilled fishbowl.

According to reports, a 34-year-old San Jose man's car rammed into the back of a car driven by a 52-year-old Campbell woman when she stopped suddenly at the intersection of Winchester blvd. and Kennedy drive.

The woman told police she had slowed to make a turn onto Kennedy when a fishbowl she was transporting fell over and she slammed on the brakes.

The child was a passenger in the car which ran into the back of the woman's auto.

Police cited the Campbell woman for no right brake light and no right turn light.

MAN ARRESTED AT EASTFIELD'S

A 20-year-old San Jose man has been charged with burglary and two counts of lewd conduct with a child after an incident at the Eastfield Children's Center on Lelwellyn last week.

According to reports, the man stole into the boy's dormitory in the early morning hours and accosted an 11-year-old boy who ordered the man out of his bed and ran to report the incident to his counselor.

When the counselor returned he reportedly found the man laying on the boy's bed smoking a cigarette. The boy put in the call to police.

Over $1.5 million in new homes for August

Single family home construction was the big ticket item on the Campbell Building Department report for August.

Value of construction and additions totaled $1.7 million for last month, a 400 per cent increase over last year at this time.

Total valuation for the year now stands at $12 million, more than double the $5.1 million for last year through August.

Building permits for a total of 35 single family homes were taken out in August with a total value of $1.5 million. So far in 1977 134 single family homes have been slated for construction compared to 35 last year through August.

Second place in value for August was in alterations and additions to residential property. A total of 13 permits were issued valued at $88,819.

Accepting a Pedestrian Safety Citation award at the recent meeting of the Santa Clara County Council of Mayors, is Mayor Bill Podgorsek, left, of Campbell. Presenting the award is Laddin Meairs, manager of the Los Gatos District office of the California State Automobile Association.

Public is invited to join new chorales

Campbell area people who enjoy music or sing are invited to join one of the eight choirs now being formed at the First United Methodist Church of Campbell, 1675 S. Winchester blvd.

There will be four different groups for youth, ranging from the Cherub choir for first through third graders to the high school-age Son-Light Singers.

Adult groups include the Sanctuary Choir and three handbell choirs.

For information 378-3472.

News briefs

FALL SIGN-UPS

Everything from cake decorating to Yoga is available through Campbell Community Servies this fall and registration is now underway at City Hall, 75 N. Central ave.

For youth there's gymnastics and baton while teens can sign-up for a three-hour workshop concentrating on complexion, cosmetics and wardrobe planning and building.

For adults there's dog obedience, bridge, tennis, yoga, racquetball, yoga and volleyball.

And if you like to dance try basic ballroom dancing, beginning square dance, belly dance, disco dance, Scottish country or Polynesian dance.

Call Campbell Community Services at 378-8141 weekdays for more information.

FREE TRASH PICK-UP

For those who like to plan ahead there's just 29 more days until the semi-annual free trash pick-up day for Green Valley Disposal customers who live within the city limits of Campbell.

Trash and discarded materials will be picked up on Friday, Oct. 21.

VOLUNTEER SOUGHT

County Supervisor Rod Diridon is seeking a volunteer to serve on the County Transit District's Ad Hoc Committee for the Handicapped.

There are no special requirements for committee membership.

The Ad Hoc Committee advises the district on problems of handicapped persons.

For more information contact Diridon at the County Government Center, 70 W. Hedding st., San Jose, 95110.

CREATIVE AGING CLASS

A six-week class is underway entitled, "Creative Aging: Enhancing Your Later Years," Tuesdays, from 1:30 to 2:30 p.m. at the Campbell public library.

Co-sponsored by the City of Campbell and West Valley College Community Services, the fee is $1 with no cost to gold card members.

For more information contact the College at 379-9415.

There'll be drill teams at Westmont

Eighteen marching units will take to the Westmont High School field this Sunday, Sept. 25 for "Revelry in Rhythm," a drill team competition.

Sponsored by the Sailorettes Drill Team, the Drum Sparks Drum and Bell Corps and the Junior Marshalls Boys' Drill Team, individual competition starts at 10 a.m. with the field show set for 1 p.m.

Tickets at $1.50 for adults and 75 cents for children under 12 can be purchased at the gate.

Included in the show will be the champion South Bay Medieval Barons of Milpitas, the Goldiggers of San Jose and the Los Caballeros from Half Moon Bay.

For more information about the event call 249-1350 or 984-5216.

Tax relief in drought

Governor Brown has signed the Livestock Raiser's Disaster Relief Act of 1977. The measure, which applies to drought-stricken counties and only to owners or lessees of non-irrigated land, provides $10 million in direct property tax relief payments. The act goes into effect immediately and will remain effective through 30 June 1977.

Certain stipulations for qualification apply: Applicants' average gross farming income during specified years must be between $5,000 and $500,000, and must represent at least 75 per cent of their average joint income from all sources.

To ease hospital staff woes

Legislation to help ease the shortage of trained staff in state hospitals has been signed into law by Governor Brown.

The bill, AB 697 by Assemblyman Gordon Duffy, R-Hanford, modifies education requirements for certain professional medical staff personnel.

The bill survived major debate in the Legislature, over qualifications of medical personnel in state hospitals.

Estimates of the hospitals staff shortage claim a shortage of over 3,000 trained personnel over the next five years.

New budget technique

Zero based budgeting — an administrative technique calling for more intense review of costly government programs — will be introduced to California state government next year under the terms of a Senate Concurrent Resolution passed recently.

The legislation, which essentially requires agencies to justify the continuence of a program before receiving a budget approval from the Legislature, is authored by Senator Omar Rains, D-Ventura and enjoyed wide bi-partisan support.

Law on jurors

Joining most other states, jurors in California will no longer be excluded solely because of blindness, under legislation signed into law recently.

Moped accidents

California moped enthusiasts managed to rack up 300 injury accidents during the first seven months of this year, the California Highway Patrol reported. None of the accidents involved fatalities.

"The pattern is similar to bicycle accidents," said Highway Patrol Commissioner Glen Craig. 260 of the accidents occurred in urban areas "where right of way confusion produces conflicts," he noted.

Saving that vital water

The drought is not over, and the State Department of Water Resources doesn't want anyone to forget it.

"Save Every Last Drop" is the slogan of a new DWR campaign. Radio and television spots will soon be on the air, showing Californians how to save more water, and will be broadcast in English and Spanish.

"People must understand that there will be a continuing need to save water even when it's raining," cautioned DWR Director Ronald R. Robie.

Conference on transport

A conference on urban transport will be held in San Diego Dec. 5-8 to discuss aspects of innovative alternatives. Information is available from Marilou Damon of the Transportation Research Board at (202) 389-6335.

The PUC goofed

The Public Utilities Commission has good news for Pacific Telephone customers: Due to a PUC miscalculation which granted PacTel a rate increase last December, customers were overcharged on their monthly service bills. The good news is that they will receive a reduction of ten cents per month for residential phones, five cents per month for businesses.

Suit filed on housing

A Mountain View apartment management firm has been charged with violating the Fair Housing Act in a suit filed by the Department of Justice. Tecton Enterprises Company allegedly pursued a "policy and practice of racial discrimination" by refusing to rent to blacks, and misrepresenting the availability of apartments.

The suit, filed in U.S. District Court in San Francisco, asks the court for an order enjoining the firm from further discrimination on the basis of race, color, religion, sex, or national origin. The firm is also asked to "correct the effects of its alleged past discriminatory practices."

Drop in jobless rate

The State Employment Development Department has released figures indicating a drop in the number of unemployed persons. A gain of 406,000 jobs over a twelve-month period was responsible for the unemployment figures, the department claimed, which slipped from 9 per cent a year ago to 7.5 per cent this August.

Veto on Vests

Governor Brown has vetoed legislation that would have added bullet proof vests to the equipment local law enforcement agencies are required to provide officers.

Brown's veto message said the decision to provide officers such protective devices should be made at the local level.

Hearings on wild fires

The Senate Select Committee on Fire Services has announced hearings into fire fighting techniques used against the more than 1,500 wildfires that struck the state in recent months.

Constituent complaints of procedures used by state and federal officials, especially in regards to the use of volunteers and equipment, led to the inquest.

The hearings will be held in cities near the most serious fires in Northern California, concluding at the end of September.

Law education in local schools

The California Department of Youth Authority announced that eight more school districts will soon conduct law education courses designed, to familiarize teen-agers with elements of the criminal justice system. The six-part curriculum developed by the Constitutional Rights Foundation has been in progress in three Los Angeles County districts since 1973.

The program will include information and "field experiences" in law enforcement, the courts, corrections, criminal justice controversies (e.g. gun control), and delinquency prevention.

Joining the Pasadena, Long Beach, and Los Angeles Unified school districts will be San Juan Unified, Sacramento Unified, Grant Joint Union, and unified districts in San Jose, Oakland, Riverside, and Simi Valley.

nutrition notes

Fasting shouldn't be taken lightly

By DOROTHY TERRILL

Editor's Note: Dorothy Terrill, a registered dietitian and instructor at De Anza College, holds an M.S. in nutrition from UC-Berkeley. Questions about nutrition are invited. Address all questions to: Dorothy Terrill, Nutrition Notes, Suburban Newspaper Publications, Inc., P.O. Box 368, Cupertino, 95014. Mrs. Terrill will answer questions as space allows.

"AT A RECENT dinner party, one guest ate nothing but said he was on diet and only drank a 'protein supplement.' What is this and is it a good way to lose weight?" a reader writes.

The program he is on is often advertised as "The Last Chance Diet" and there is a book out by that name. It is a fasting program which means that one does not eat anything. However, the protein supplement is consumed with the idea that then the body will burn off fat instead of vital tissue.

The original use of this supplement along with fasting was in medical clinics under strict supervision of a physician. It was intended only for people who were extremely overweight and for whom all other methods of weight loss had failed. It was never meant for do-it-yourselfers who decide to fast without a physicians examination or supervision — fasting this way can be a dangerous route to take.

The supplements vary somewhat by brands but one of the original supplements was used in an Ohio clinic and totaled 300 calories per day. The supplement was composed of essential amino acids plus some glucose. The doctor who used it reported success with these grossly overweight patients for whom it was designed.

Fasting is not something to be taken lightly. It has been reported that one should not fast for more than 24 hours without medical supervision.

DURING fasting the body cannot burn up the fat normally so products form which are called ketone bodies. The ketones concentrate in the urine, with normal amounts being excreted. When the level of ketones in the blood becomes too high, the condition is known as ketosis. Some ketones are thrown off by evaporation in the lungs and results in the bad breath of people who are fasting or on a high fat, high protein diet such as Dr. Atkins diet. Too high a concentration of ketones in the blood can have a harmful effect upon cells. The excess ketones upset the acid-base balance of the body. Consequently, the shapes of the proteins in the body are changed and they no longer can perform the vital bodily processes that they were intended to do.

The blood sugar level is not maintained at a normal level during fasting. Since there is no available dietary supply of glucose for the blood and the body fat is incompletely burned in the absence of dietary carbohydrate, it is not wise to follow a fasting routine, even with the protein supplement, unless it is done under the explicit orders and supervision of a physician.

Local couple honeymoon in Switzerland

The Rev. Dr. Paul Yinger officiated at the wedding ceremony uniting Carol Marie Silva and Jeff Christian Weitzel, both of Campbell. The double ring evening rites were held at the First Congregational Church of San Jose.

The bride chose a long satin crepe gown with a lace bodice inset and matching trim on sleeves and train. Her three-tiered fingertip veil was capped with seed pearls and her bouquet was of white roses, daisies and baby's breath.

Bridal attendants wore long yellow quiana and polyester crepe gowns and carried bouquets of yellow daisies and baby's breath.

Maid of honor was Kathleen Keegan and bridesmaids were Lori Biagini, Debra Silva, Marcella Clough and Grace Chung.

Kerry Weitzel, brother of the groom, was best man and ushers were Bill Sousa, Jerry Reibleim, Bruce Silva and Tim Wood.

Doris Robertson was the vocalist with James Castorini the accompanist.

Mother of the bride chose a blue gown with matching lace jacket. Her corsage was of stephanotis.

A tangerine chiffon gown was the choice of the mother of the groom who also wore a stephanotis corsage.

Carol, daughter of Charlene Silva of Campbell and Cecil Silva of San Jose, is a graduate of Campbell High School. She is attending San Jose state university and was employed as a loan officer for a local mortgage company.

Jeff, son of Charles and Marie Weitzel of Campbell, is also a graduate of Campbell High School. He attended West Valley College and is presently a track vehicle mechanic with the U. S. Army stationed in Germany.

Following a wedding reception for 200 guests in the church Fellowship Hall, the couple left on a wedding trip to Switzerland.

Their first home will be in Schweinfurt, Germany.

NEWLYWEDS Carol and Jeff Wietzel are making their first home in Germany.

Westmont grads engagement told

A family party was chosen to announce the engagement of Jacqueline Demarest of Los Gatos and Timothy Bowers of San Jose.

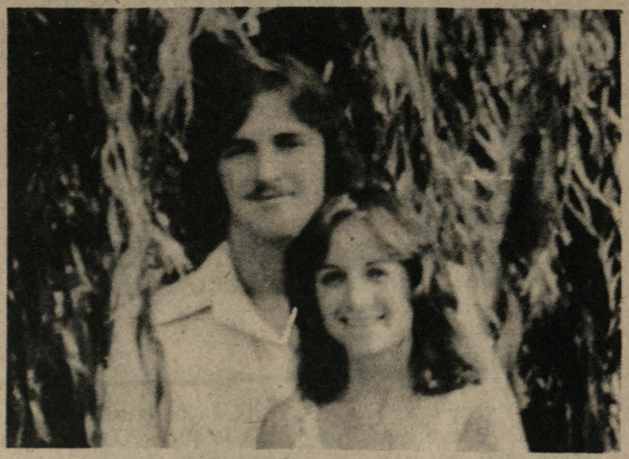
Jackie, daughter of Mr. and Mrs. Jack Wesley Demarest, 1400 Elwood dr., is a 1975 graduate of Westmont High School.

She is currently enrolled at West Valley College majoring in fashion merchandising.

Tom, son of William Bowers of San Jose and Mrs. Paul Spencer of Campbell, is also a 1975 graduate of Westmont.

He is a student at West Valley College majoring in business and is employed by a local golf course.

The couple plans a fall wedding.



PLANNING a fall wedding are Jacqueline Demarest and Timothy Bowers, both Westmont High School graduates.

births

To Gary and Susan Eccleston, 4058 Bismarck dr. San Jose; a girl.

To James and Roberta North, 2522 S. Bascom ave.; a girl.

Born Sept. 10:

To Frank and Elodia Lucero, 323 N. Second st., #2; a girl.

Born Sept. 11:

To Dave and Carole Carter, 1561'B Walters ave; a girl.

To Steven and Susan Lundgaard, 4092 Keith dr.; a boy.

Born Sept. 12:

To Dale and Sharon Reedy, 3976 Bismark dr.; a boy.

Newlyweds make their home in Orchard City

The Rev. A. F. Volmer officiated at Holy Cross Lutheran Church as Rodney Marshall Birkendahl and Robin Michele of Campbell were wed.

The bride chose a floor length A-line style gown with Venice lace trim and outlined with seed pearls. Her bouquet was of roses with off-white miniature carnations, stephanotis and baby's breath.

Bridal attendants wore floor length peach gowns with cowl collars.

Annette Mathis was maid of honor while Diane Lunsford was a bridesmaid.

Best man was Jim Birkendahl, the groom's brother, while Jeff Mathis served as usher.

Vocalists were Tom Carmack and Cynthia Eckert. Robin, daughter of Mr. and Mrs. Melvin Newhall of Campbell, is a Campbell High School graduate. She is employed as a typist for a Campbell business firm.

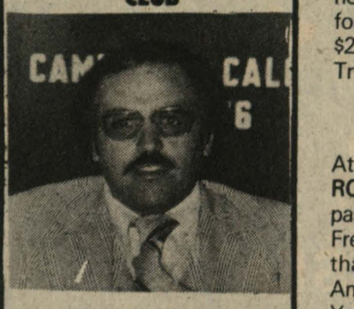
Rodney, son of Mr. and Mrs. Fred Birkendahl of Campbell, also graduated from Campbell High School. He is employed as a mechanic for a San Jose department store automobile center.

Following a garden reception for 125 guests the couple left on a wedding trip to Carmel.

Their first home will be in Campbell.

TWO Campbell High School graduates were wed recently in ceremonies held in Los Gatos. Rodney and Robin Birkendahl will make their first home in Campbell.

GET ACQUAINTED MESSAGE FROM THE CAMPBELL EXCHANGE CLUB



Tom Clark
Campbell Exchange Club

Introducing Tom Clark, production manager of Fernden Corporation which specializes in industrial material handling equipment. A product of San Jose State University, Tom holds a B.A. in the industrial arts. His most current involvement other than the Exchange Club is in a new shopping center in Morgan Hill. He includes hunting and fishing among his hobbies. He's another one of those great single guys and is a very eligible bachelor. There is no way of telling how old he is but it is rumored that he was among the crowd that welcomed Lindberg at the Orly Airport after his trans-Atlantic flight.

People

STAR CLUB MEMBERS

Seven Campbell general office agents for New York Life have qualified to attend a four-day conference in Newport Beach.

Named members of the company's Star Club were S. John Anjomi, Al La Plante, John Newton, Raoul Pomerleau, Ray Rodoni, Rick Utermoehlen and Roy Wilkins.

SIRAGUSA GRADUATES

Airman John P. Siragusa, son of Louise M. Dennison of 1130 Sonuca ave. and John Siragusa of San Jose, has graduated from the U.S. Air Force aircraft meintenance specialist course at Rantoul, Illinois.

The airman has been assigned to the March AFB in California.

An Affair to Remember with BEA RENÉ
© Bea Rene 1975

We enjoyed a great night out at **THE DRYING SHED** (off #680 at McKee Rd.) San Jose . . . the personnel were really friendly & served us a great dinner . . . we ordered the tender Prime Rib (only $5.95) since it was the Tues. nite special, & were served a complimentary glass of wine . . . my guests enjoyed it so much, they returned for the fantastic Sun. Buffet Luncheon, which features Roast Baron of Beef, BBQ Pork Spare Ribs, Baked Chicken, Ham, Petrale Sole, w/choice of 4 vegs., 18 salads, homemade soup & delicious hot, hot bread. A great place for the kiddies too — only $2.95 for them — $4.95 adults. Try it!

At the **94TH AERO SQUADRON** you take a trip into the past . . . to a replica of a French Chateau like the one that headquartered WWI American fighter Squadrons. You'll find memorabilia & souvenirs adorning the walls in every dining room & a wide window-wall facing the S.J. airport runway, so you can watch the take offs & landings of the planes. The kids w/get a kick out of the earphones at ea. table which listen in on the control tower. And don't forget the great discotheque in the downstaris BUNKER LOUNGE — one of the best I've seen in the area — with appeal for all ages.

Friends of mine enjoyed a marvelous dinner at the **BLACK KETTLE** in THE FACTORY SHOPPING COMPLEX . . . they particularly noted the excellent service given them by attractive waitress, Robin Stevenson, & thought it worthy of mention. Not only is the service great, but the food is excellent . . . this is a restaurant with a lot of personality. And don't forget the Tues. nite Prime Rib Dinner for 2 for only $12.95, which incls. a carafe of wine, baked potato & salad. **BLACK KETTLE** also features a great Sun. brunch.

SENOR PEPE'S in Cupertino will soon be officially opened . . . the opening date has been set back from the original announcement, but I'll give you exact info. as soon as I receive it. This will be a charming place, snuggled beneath the Oak trees in the new OAKS SHOPPING CENTER on Stevens Crk. Blvd. Also — don't forget **SENOR PEPE'S** in Foster City, where you can dine at the water's edge. Believe me, they serve some of the finest Mexican food I've ever tasted, & with its delightful flower-filled court yard or colorful interior & wide deck overlooking the "sleepy lagoon," it's a pleasing place to dine.

I'm constantly amazed at the quantity of customer comments which pour into **SIRLOIN AND BREW UNLIMITED**: "My first time here, but not my last. Beautiful steak!" (Fremont). "Food was great. We like the salad set-up." (Belmont). "Please don't change the service of freebies." (Saratoga). This refers to the unlimited bottles of wine or pitchers of beer or sangria which are incl. w/your dinner. Their waiters & waitresses always get compliments for service & courtesy, too.

I have a wonderful lunch idea: "Monday Fashion Lunch" at the scenic **CASTAWAY** on Coyote Point, San Mateo. Styles by top designers are shown by the Marnee Jones School of Modeling of San Jose. Enjoy a Fr. Fruit Salad or Crab & Cheddar Casserole & make it an outing. Mgr. Joe Lohman has an innovation for men, too: "Mon. nite football" in the cocktail lounge, featuring TV, beer, hotdogs, etc., as you watch an exciting game & Messrs. Cosell, Gifford & Meredith announcing. The view of the bay, plane landings, boating is breathtaking, I kid you not!

My recent dining experience at **BOURBON STREET** was very rewarding . . . the BBQ Jumbo Shrimp were "out of this world." Topped off w/a luscious dessert, "Banana Foster," I recommend you try this at least once! For lunch I enjoyed the Louisianna Breast of Chicken served w/olives, artichoke hearts, cr. sauce, white wine & served w/"dirty" rice. Outstanding! This superbly prepared cuisine is served in the delightful atmosphere that melds the echos of the past w/the elan of the present. With live & disco music in the evening, it's dancing every nite. So stop down, enjoy the oyster bar, Happy Hour, lunch, dinner or dancing . . . it's all here at **BOURBON STREET!**

The completely restyled, new Continental menu at **CLEMENTINE'S** is now in effect & I can tell you honestly it is superb! Many seafood specials — broiled or poached Salmon & Halibut, Mahi Mahi ala Ramone, chilled boiled Giant Shrimp — & Prime Rib, Kansas City beefsteaks & a marvelous English Trifle pudding are among the delectable & varied menu features. I've noticed the lights are lower; the waitresses have new attractive costumes & the atmosphere is conducive to a memorable dining experience. Be one of the first to sample this new continental menu & don't forget, there is entertainment Wed.-Sat. nites until 1:30 a.m.

What a mix-up!

Jan Mohler and daughter Linda are really mixing it up . . . in Garey Petite's rust check and solid coordinates.

Check to check and solid to solid or mix and match not to mention a skirt in both check and solid.

Wow what a mix-up!

How many looks can YOU mix? Jan and Linda are already up to 16 and they've just started.

"Gee Mom, can I wear the . . .?"

BEDWETTERS?

LET THEM HAVE A DRY BED!

The greatest gift you can give a bedwetter and the rest of the family, too, is an end to this serious problem, and make no mistake, bedwetting is serious. It can cause complicated psychological problems that last a lifetime. It's so needless because bedwetting when not caused by organic defect or disease, can be ended. Phone or write for our free brochure, "Bedwetting – What It's All About and How to End It" a report by three medical doctors. No obligation.

Club Notes

ORCHARD CITY GRANGE

A pot luck dinner is planned for the Tuesday, Sept. 22 meeting of the Orchard City Grange.

The group meets at 6:30 p.m. in the Grange Hall, 109 N. 1st st. Entertainment that night will be provided by "The Swingers," rhythm band.

The public is invited to attend the Grange whist card party on Thursday, Sept. 29 at 8 p.m. in the Grange Hall.

At the Sept. 13 meeting of the group Helen Bohn, county fair booth chairman, presented Master Sadie Proctor with the blue ribbon and check won at this year's fair. A new roof for the hall dining room was also approved that night.

CAMPBELL EXCHANGE CLUB

George McFadden of the San Francisco 49ers is the guest speaker at today's meeting of the Campbell Exchange Club.

The local group meets at noon at the Black Kettle restaurant in the Factory.

COUNTRY WOMAN'S CLUB

A luncheon meeting will be the first gathering of the Country Woman's Club of Campbell this fall.

Set for 11:30 a.m. at the Village House in Los Gatos, the meeting will feature Dietician Deanne Andolena speaking on "Nutrition" (Proper diet and natural foods).

RETIRED TEACHERS

State Senator Jerry Smith is the guest speaker at the Friday, Sept. 23 meeting of the California Retired Teachers' Association.

The group meets at noon at Zorba's restaurant in San Jose.

Topic of Smith's talk will be property tax reform, new school financing and pension and health plans.

SAN JOSE BPW

A bank officer will be discussing "Wills and Trusts" and "Preparing for Widowhood" at the Monday, Sept. 26 meeting of the San Jose Business and Professional Women's Club.

The group meets at 6:30 p.m. at the Pinehurst restaurant in San Jose.

Guest speaker will be Leonard Overholser, assistant vice president and trust officer for Wells Fargo Bank.

TEMPLE EMANU-EL

Visitors and prospective members are invited to a coffee sponsored by Temple Emanu-El Sisterhood this Wednesday, Sept. 28 at the home of Marilyn Silver, 1917 Crestmont, San Jose.

For more information about the group call 264-1754 or 265-0146.

LEAGUE OF WOMEN VOTERS

The Wednesday, Sept. 28 evening meeting of the League of Women Voters will be held in the Saratoga home of Barbara Merrill, 12128 Marilla dr.

This West Valley unit meeting starts at 7:30 p.m. and visitors are welcome.

MEDICAL AUXILIARY

A tour of the Peralta Adobe in on tap for members and guests of the Santa Clara County Medical Auxiliary this Monday, Sept. 26 at 11:30 a.m.

A luncheon will follow at the Laundry Works.

Newcomers are welcome to attend this meeting. For more information call the Medical Society at 998-8850.

JUNIOR LEAGUE

The Junior League of San Jose, Inc. is seeking more docents to help with their "Let's Listen To Music," program designed to tell American history through its music and to help introduce basic concepts of music to school-age children.

ACCEPTING a certificate of appreciation from the Loma Prieta District is Kitty Agostinho, left, president of the Country Woman's Club of Campbell. Making the presentation is Mary Ruth Dargis. The local group was honored for their contributions to CARE. Loma Prieta's CARE project this year was supporting a school in Guatamala.

Pet Patrol

LHASA ABSO NEEDS HOME

A good home is needed for an 8-year-old dog. Needs a home as soon as possible. No one is left at home during the day and she doesn't like being left alone.

She is grey, well trained, spayed, has all shots and loves people. Her name is Suki.

Call Carolann at 379-4515 evenings.

INSIGHT AND OUTLOOK ON
THE SANTA CLARA VALLEY'S

FALL FASHIONS, 1977

COMING SEPT. 28

A special section taking a close, informed look at what's new in apparel, accessories, hairstyles, fabrics, jewelry and boutique items that fashion leaders in our valley will be wearing this fall.

Look for it in your hometown Suburban newspaper. Picture-packed and colorful. Enjoy.

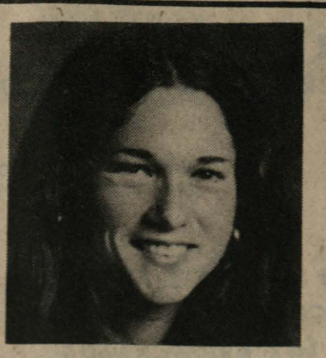
People

NEW THERAPIST

Susan Blair Cocking, O.T.R. was recently named to the staff of Sonoma State Hospital where she'll be serving as an Occupational Therapist.

The 1971 graduate of Campbell High School attended West Valley College, Northridge state university and San Jose state university where she was graduated with honors in 1976. She completed her internships at Belmont Psychiatirc Center, Kaiser Rehabilitation Hospital and Vallejo and Peninsula Children's Centers.



Susan Cocking

IN TRAINING

Among the 620 freshmen who recently completed "Knob Week" at The Citadel military college in South Carolina was Kirby Thompson, son of Mr. and Mrs. D.P. Thompson, 2270 Cervantes way.

Following traditions evolved since the college's founding in 1842, freshmen go through intensive training in drill, college regulations and Citadel traditions during "Knob Week."

BACK FROM CONVENTION

Three Campbell area people have just returned from the 14th annual Adult Vacation College at the University of Oregon in Eugene.

Locals attending were Bess Kirven, employed with the county child protective services agency; her father, Gerald Kirven, a volunteer at the St. James Senior Center, and Angeline Wilkie, a retired nurse.

The three are neighbors on Normandy court.

Edwards named B of A manager

PETE EDWARDS

New manager of the Bank of America downtown Campbell branch is Edward (Pete) Edwards, who was named to succeed Ray Snow who retired recently after 46 years with the firm.

Edwards who has served as a loan officer at the Campbell ave. branch for the past year, has had 20 years experience in the banking field.

The new manager is vice president and past treasurer of the Campbell Chamber of Commerce, a board member of the Campbell Kiwanis Club and past chairman of the United Fund. He is also active in the Y.M.C.A., South West Chapter, and a coach with the West Valley Soccer Club.

Edwards and his wife, Nancy, have three children and make their home in San Jose.

NEEDED: EXPERIENCED
CARPENTER-HANDYMAN
We need an experienced carpenter who also has some skills in other crafts interested in restoring a 65-year-old house which has fallen into serious disrepair.

The project will take a year or more and will provide continuous work, particularly if you can do some minor concrete work, plastering, roofing, etc. Ideal for a semi-retired person or someone who has done some home building.

The house is located in the hills behind Cupertino.

Good pay and benefits along with the satisfaction of bringing back to life one of the most historic houses in the county. Call Mort Levine, 255-7500 days or 476-9197 evenings.

EVALUATE YOUR CAREER IN A TOTALLY NEW PERSPECTIVE . . .

. . . OVERSEAS

IRAN

If you've never considered an overseas assignment before, or if you have extensive overseas experience, Bell Helicopter International would like you to evaluate the advantages of living and working in Iran. We offer an excellent compensation and benefit program plus relocation and transportation expenses for you and your family.

HELICOPTER INSTRUCTOR PILOTS
Requires total rotor wing pilot time of 1500 hours. Minimum rotor wing instructor pilot time 250 hours. C.F.I. Helicopter required. If accepted, C.F.I. may be obtained after offer of employment.

HELICOPTER MECHANICS
Should have at least two years maintenance experience on rotor/wing aircraft with specific experience on airframe, power plant and related systems. A&P license is desired, but not required.

DEPOT MECHANICS
Requires at least three years maintenance experience on rotor wing aircraft, two years of which should be at the depot overhaul level. Prefer applicants with military training and previous overseas experience.

TRANS/GEARBOX MECHANICS
Three years experience involving the assembly and repair of helicopter drive trained components desired. Must be able to work from blueprints and tech manuals.

AIRCRAFT MECHANICS
Minimum requirements include at least five years current operational maintenance experience and an FAA A&P license. Training courses at Bell's Service Service School will precede relocation to Iran.

TECHNICAL INSPECTORS
Must have a minimum of two years maintenance and inspection experience on helicopter systems. Prefer applicants with military training and overseas experience. A&P license desired, but not required.

For immediate attention, please send resume in complete confidence to:

“I have tried other brands of cigarettes and have the almost full packs in my cabinet to prove it. MERIT is the first different brand I have liked and the tar and nicotine level is hard to believe.”

—Ms. Mary A. Shufon
Troy, New York

“I was amazed! I can't believe that a low tar and nicotine cigarette can taste so good.”

—J. Thomas Ellicott, Jr.
North Palm Beach, Florida

“After smoking for 25 years and desperately looking for a low tar and nicotine cigarette that tastes like a cigarette, EUREKA—MERIT.”

—Mrs. Elaine R. Turiano
New Brunswick, New Jersey

“Bingo! This is really the first low tar cigarette that I can taste.”

—James E. Yates, Jr.
Johnson City, Tennessee

“Well, a pack of Merit cigarettes caught my eye. It was the yellow and brown stripes. I broke down and bought a pack. I tell you that they are fantastic!

“...if you can change me, you can change anyone.”

—Mrs. Bonnie Lindsay
Bridgeport, Connecticut

“I think you people have come out with the best menthol cigarette yet.”

—Robert E. Wright
Columbus, Ohio

“I want to thank you for producing a cigarette which actually lives up to its advertising—low tar and full cigarette flavor.”

—Irene Feiffer
New York, New York

“We tried most of the new ones, but none seemed like you were smoking at all, until MERIT.”

—William L. Platter
South Plainfield, New Jersey

“I have tried some of the low tar and low nicotine cigarettes, but never cared for them until MERIT was put on the market. I really enjoy them very much and I just wanted to say thanks for a nice cigarette.”

—Mrs. Rodney Rice
Indian Orchard, Massachusetts

“As a cigarette smoker for some 60 years, I wanted to compliment you on your fine product, MERIT cigarettes.”

—Rex B. Little
San Diego, California

“You've done it; made a good tasting cigarette, low in tar. I've switched to MERIT!”

—Mrs. Frederic Shaw
Jenkintown, Pennsylvania

“I've been smoking MERIT for 2 months (when the store has them) and two of my neighbors switched to MERIT MENTHOL. We're all delighted.”

“The very first pack of MERIT MENTHOL did it. I was immediately impressed with the taste.”

—Raymond T. Abdoo
Suffield, Ohio

“My husband and I switched to MERIT and we really like the taste. It's unbelievable how good a low tar/low nicotine cigarette can taste.”

—Kathy Lynn Mazzarella
South Bend, Indiana

“Just a note to say thank you for making Merit 100's. They are great.”

—Mrs. Betty Taylor
Montgomery, Alabama

“I've tried all the low tar, low nicotine cigarettes and they all lacked taste and flavor. Then came ‘MERIT’, voilà! The flavor is fine and I enjoy them.”

—Mrs. Jeannette Trebilcock
Virginia Beach, Virginia

“By golly, it's true what people say about Merit. I tried them, I switched! They're satisfying, while I'm cutting down on tar.”

—Mrs. Dawn Rauh
Burbank, California

“MERIT is the first low tar and nicotine cigarette that I enjoy smoking.”

—A. Carol Payne
Washington, D.C.

“My husband brought home a pack of ‘Merit Filters’ and told me to try one—I did—it was good. Had a nice, mild taste. I loved it.”

—Mrs. Laurie Mack
Little Rock, Arkansas

“MERIT comes through with flying colors.”

—Ms. Dorothy Pendergast
North Syracuse, New York

“Your years of research with your new cigarette, MERIT, have certainly been most successful.”

—Mrs. Barbara F. Miller
Venice, Florida

“It's MERIT from now on.”

—Mrs. F. J. Branson
Berkeley, Missouri

“I can't tell you how shocked I was that it was really a low tar and nicotine cigarette that really had flavor.”

—Mrs. Judith Pietras
Streamwood, Illinois

“I tried your Menthol MERIT. The best low tar and nicotine cigarette yet.”

—Mrs. Sam Maniaci
Monroe, Michigan

“There isn't a better low ‘tar’ cigarette on the market than Merit. I don't know how you got so much ‘quality of flavor’ into only 9 mg. of ‘tar’, but I'm quite grateful you did.”

—Molly Forde
San Rafael, California

“I would like to thank you for adding taste to menthol.”

—Frank Winebrenner
York, Pennsylvania

“Thank you for making Merit 100's. My husband and I both really do enjoy them.”

—Mrs. Earl May
Hamilton, Ohio

“Thank you so very much for making a mild low tar cigarette. The flavor is very pleasing.”

—Ed H. Bourne, Jr.
Sioux Falls, South Dakota

“You have a confirmed Merit smoker in me.”

—Linda Harvey
Bronx, New York

“It's hard to believe that such a cigarette could deliver such a rich flavor and taste.”

—Mr. Jerry Lee Lowry
Indianapolis, Indiana

“I read your ad for MERIT. I bought one pack and was so surprised at the true taste of good tobacco.”

—Mrs. Marjorie H. Belanger
Oxnard, California

MERIT!

“This letter is to let you folks know how much we enjoy your new low tar cigarette, MERIT. We had tried the other new cigarettes on the market but were disgusted with the cardboard flavor. However, the flavor of MERIT was pleasing.”

—Mrs. Paul A. Oreal
Norristown, Pennsylvania

“Verdict: FINALLY, a low tar cigarette with taste!”

—Bianca Doeschner
New York, New York

“I am being truthful when I say MERIT Menthol really does have that satisfying taste.”

—Mrs. Sandra Kohut
Pittsburgh, Pennsylvania

“This cigarette has got what we've all been looking for. Smoking MERIT is really a pleasure.”

—Edward Levinson
Columbus, Ohio

“Because of its low tar and nicotine content, I expected it to be tasteless like the others. I was really surprised.”

—Arlene Tosk
Fair Lawn, New Jersey

Warning: The Surgeon General Has Determined
That Cigarette Smoking Is Dangerous to Your Health.

Columbus, Ohio

“I must say they are quite enjoyable.”

—Hilary Frost
Chicago, Illinois

“I couldn't believe how good they taste and how low they are in tar and nicotine.”

—Roselyn Hall
Minneapolis, Minnesota

“My wife and I have switched from one low tar cigarette to another but we have now switched for the last time. The flavor of MERIT Filters is fantastic.”

—J. Gordon Wisda
Phoenix, Arizona

“I tried them and was surprised at the good taste and satisfaction I got from them.”

—Maureen Evers
Brooklyn, New York

“Merit surely is everything you say it is, right down to the taste. I can have low tar and nicotine and pleasure too.”

—Miss T. M. Fredericks
St. Louis, Missouri

“Merci a heap—. Good luck.”

—Mrs. H. S. Cohen
Mobile, Alabama

“Merit cigarettes have converted me from a confirmed high tar cigarette smoker to a low tar smoker.”

—Mr. Robin Katz
New York, New York

“MERIT is the best yet—it hit my taste buds perfectly!”

—Ernest Walters
Joppa, Maryland

“It is the smoke I was looking for: low tar, low nicotine, good taste and satisfaction.”

—Anthony N. Friscia
Evergreen, Colorado

“Now that is one really good cigarette .... Thanks again—your new MERIT MENTHOL is really out of sight. Beautiful!!!”

—Mrs. Gayle D. Rosengren
Minneapolis, Minnesota

“I saw a Merit ad on a billboard. ‘Low tar—Enriched Flavor’. Thought I'd try it. It's a fantastic cigarette!”

—Mr. Ira Goren
Tamarac, Florida

“Thanks for MERIT! They are the first low tar cigarette that truly has a flavor.”

—Mrs. Jane G. Tomasello
Richmond, Virginia

“I tried a Merit, found the taste very mild, and have been smoking them ever since.”

—Mrs. Helen Shuyler
Winter Haven, Florida

“Your new cigarette is a real winner!”

—Mrs. Nunzio A. Barone, Jr.
Metairie, Louisiana

“I tried a pack of MERIT—enjoyed the first cigarette and have been smoking MERIT ever since. You're not puffing just air but great taste!”

—Mrs. D. Giraud
Costa Mesa, California

“Finally, a good-tasting cigarette low in tar. You feel like you're smoking something besides air.”

—Susan Wilmington
Chicago, Illinois

“I have just discovered your cigarette ‘Merit’ and am delighted!”

—Vera Spillane
Brooklyn, New York

“I could never find an acceptable low-tar alternative until Merit 100's. You have developed an acceptable substitute for smokers.”

—Mr. Ben Cobell
Northport, Alabama

“In your MERIT Menthol cigarette you have managed to retain the quality of flavor while reducing the tar.”

—Laura Luther
El Segundo, California

Rambles for 172 yards

Wilson spurs Vikings to season opener win

By DICK SPARRER
SPORTS EDITOR

IN 1975 Tracy Wilson rolled up almost 500 yards carrying the ball and breaking tackles for the West Valley College football team.

But when it came time for the 1976 football campaign at West Valley, Wilson decided to sit out a year.

Well, Wilson has returned to the football field at West Valley to play his sophomore season in Viking orange and blue. And if his performance in WVC's season opener is any indication, that year off certainly must have agreed with him!

Wilson romped for 172 yards and scored a touchdown to lead the Vikings to a 14-3 victory over Butte College in their 1977 season opener last Saturday afternoon at the Campbell high school field.

Wilson scored a second period touchdown to bring the Vikings back from a 3-0 deficit and put them in the lead for good on their way to the win over Butte.

"We have a lot of improving to do, but we were fortunate enough to come out on the long end of the score last Saturday," said Viking coach John Nicholas after the victory. "It was a good opener for us."

BUTTE scored first in the game on a 35 yard field goal in the first quarter after getting good field position by recovering a Viking fumble at thw WVC 38.

But West Valley came back to take the lead in the second quarter on Wilson's touchdown.

The Vikings faced a fourth down at the Butte 44. On a fake punt, Brian Jeffries (Bellarmine) hit Jeff Wong (Campbell) for a 23 yard pass and a first down at the 21.

Bill Tantillo (Branham) hit Wilson (Branham) on a six yard pass and Wilson hit the line for two before romping the last 13 yards for the score. Rich Eagle (Los Gatos) kicked the extra point to make it 7-3.

The clubs suffered through a penalty-filled third period before the Vikings added an insurance score in the fourth.

A 41 yard run by Wilson in the fourth set up a 12 yard scoring toss from Tantillo to Rocky Pena (Westmont). Eagle's second extra point made it 14-3.

Butte came out passing after the kickoff but Jebb Johnson (Saratoga) picked off a pass, one of two interceptions in the period for the defensive back, to put the game on ice.

"WE HAD POOR field position most of the day, but in the fourth quarter we really took command," said Nicholas. "And then Johnson's interception ended the ballgame."

Wilson led the Viking charge offensively, romping for 172 yards on 26 carries to account for most of WVC's 225 ground yardage.

Tantillo completed eight of 23 passes for 132 yards and Jeffries completed the one pass for 23 yards.

Tight end Jeff Kahn (Mitty) was the top receiver in the game for the Vikings, grabbing three passes for 69 yards.

Wong caught the one pass for 23 yards, Pena caught the TD toss for 12 yards and Wilson caught the one pass for six. Marty Mullins (Camden) grabbed a pass for 14 yards. Bryon Axt (Leigh) caught one for 14 and Bob Onetto (Del Mar) caught one for five.

Nicholas also singled out Onetto offensively for a "good job of blocking from the fullback spot."

The Viking boss was extremely pleased with the work of the defense in the win.

"They set three goals before the game," he said, "to keep Butte under 100 yards rushing, under 100 yards passing and under 10 points. And they met all three goals."

Butte managed just 75 yards on the ground and 76 through the air.

ALONG WITH Johnson, Nicholas was pleased with the performances of tackle Bob Walter (Saratoga), linebackers Dave Bakke (Campbell) and Joe Kehrig (Blackford) and strong safety Vic Druhan (Leigh). Walter blocked a punt in the game.

"The defense played very well," said the coach. "Any time the defense can hold an opponent under 10 points, they had to play well."

"We were able to win, but we didn't play with the entensity and consistency offensively that we need," added Nicholas. "We had poor field position all day and that limited what we could do quite severely."

The Vikings will head to Southern California this weekend to visit one of the nation's top ranked teams in Ventura.

Ventura, the number two ranked team in the nation last year and one of the top five ranked teams this season, won its opener last weekend 10-9 over Pierce.

"They have a strong football team," said Nicholas of the team that beat his Vikings 31-20 last season. "They have a super quarterback in Tom Porras and a real breakaway threat at a running back spot."

"It should be a good test for us," added the coach.

Vike harriers open '77 with Beach Run win

WHEN A JUNIOR college team is loaded with freshmen, it's hard for a coach to predict just how well that team will perform the first time it gets into intercollegiate competition.

West Valley College's cross country team is in that situation this fall. The Vikings were top heavy with freshmen heading into their first meet last weekend.

Coach Bill Campbell didn't know what to expect when his Vikes strided out onto the sand for the ninth annual San Mateo Beach Run on Saturday. But he certainly didn't expect his team to do what it did — win it all!

West Valley rolled up a low 32 points to outrun the five other teams in the field. San Mateo was second at 45 with Monterey third at 65. Hancock was fourth at 97 with Marin fifth at 119 and Cabrillo sixth.

Four Vikings finished in the top 10 with returning state champ Bob Paulin (Camden) leading the way.

Paulin was second in the race at 21:48 with Doug Avrit (Chico) third at 21:49 and Craig Szanto (Saratoga) fourth at 21:58. It was Szanto's first ever cross country race.

Vance Eberly (Los Gatos) finished eighth at 22:20 over the four mile course.

Larry Bergkamp (Leigh) was 16th at 22:24 with Leroy Bumbaca (Wilcox) 20th at 22:50, Ray Russell (Blackford) 22nd at 22:59, Steve Bruns (Saratoga) 24th at 23:25 and Gene Antone (Chico) 49th at 26:11. Antone was also in his first cross country race ever.

sports

Rebozzi bombs sink Dons in '77 opener

THE 1977 football season got off to a less than spectacular start for the Del Mar high school Dons last Friday afternoon.

The Dons' high hopes for a season opening victory over the highly touted Lincoln Lions were shot down by the pinpoint passing of Lincoln quarterback Rick Rebozzi.

Rebozzi, who threw for two touchdowns and ran for one, paced the Lions to an overwhelming 40-0 rout of the Dons. So much for high hopes.

The Dons will try to regroup this week in preparation for next week's West Valley Athletic League opener against the always tough Campbell Buccaneers (Sept. 30). Del Mar will host Campbell in a 3:30 p.m. contest.

The Dons proved to be more than gracious hosts last week when they welcomed the Lions, allowing Lincoln to roll up nearly 500 yards of total offense.

It didn't take long for the Lions to leave their calling card with the Del Mar secondary as Rebozzi hit star receiver Robbie Rocha for a 67 yard touchdown pass on Lincoln's first offensive play of 1977. And things didn't get any better the rest of the day.

REBOZZI FINISHED the game with impressive stats, completing 16 of 27 passes for 316 yards and two TD's. Rocha caught five of Rebozzi's passes on the afternoon for 157 yards.

As if their passing game wasn't enough, the Lions unfurled a more than adequate running game that netted 157 yards, giving the Lions a total offense figure of 473 yards. Del Mar was held to just 138 total yards.

While Lincoln was ringing up 21 first downs, 14 via the air, the Dons were managing just six.

There were bright spots on the otherwise dark afternoon for Del Mar, however, Not the least of which was the running of 5'5", 135 pound Warren Clifton, a back guaranteed to give WVAL foes fits this season.

Clifton spun and twisted his way to 80 yards in just 11 carries, an average of better than seven yards a crack. Among his runs were bursts of 27, 19 and 15 yards. He ran for three of Del Mar's six first downs on the day.

The Dons also received a respectable performance from their quarterback Jeff Lane, who completed five of 11 passes for 63 yards.

Hard working wide receiver George Rodriguez caught four passes for 59 yards, including a diving grab of a 34 yard gainer.

. Defensively, both Joe Medeiros and Shed Chandler were in on five initial hits. Ed Toro and Bob Cure came up with four first hits each and Rodriguez had three.

Mistakes cost Warriors 30-20 loss to Los Altos

"WE WERE ABLE to move the ball but we made to many mistakes," said Westmont head football coach Don Stagnaro, looking back on his club's 30-20 loss to the Los Altos Knights last Friday night in their 1977 opener.

"We made an awful lot of mistakes on offense," he repeated. "And a lot of them were mental mistakes."

Despite their mistakes, the Warriors were in the game for better than three quarters, battling Los Altos to a 14-14 first half tie and trailing just 22-14 heading into the final stanza.

But the Knights punched across another score in the fourth period to put the game out of reach and make a late touchdown by the Warriors purely academic.

Los Altos had grabbed an early 7-0 lead with a first quarter score. But the Warriors cut the lead to one in the early going of the second period when Greg Athearn capped a 60-yard drive with a two yard romp into the endzone.

Key plays on the drive included a 21 yard run by Atheran and a pair of 10 yard completions by quarterback Scott Ruiz.

AFTER LOS ALTOS pulled away to a 14-7 lead, Westmont tied the game on a 13 yard scoring hook-up between Athearn and Ruiz, completing another 60 yard march.

Athearn rambled 23 yards and Phil LoPresti broke loose for a 17 yard scamper to highlight the drive.

The Warriors tied the game when Ruiz passed to Mike Bossio for the two point conversion.

But Los Altos tallied eight points in the third quarter and eight more in the fourth to take the lead for good.

Westmont came back late in the game to score on an eight yard pass from Ruiz to Mike Adams.

Ruiz, a 6'3", 205 pound transfer from Redlands, had a strong game in his first start at quarterback for the Warriors. The Westmont qb completed 12 of 27 passes for 153 yards.

Athearn, meanwhile, spearheaded a solid running game by rushing for 107 yards on 16 carries. LoPresti chipped in with 35 on eight carries.

The Warriors finished the game with 318 yards of total offense.

But while the Westmont offense pleased Stagnaro, the defense did not.

"We pursued well defensively, but we didn't tackle very well," the Warrior boss noted.

Westmont will be seeking its first win of the young '77 season Friday when it plays host to the Willow Glen Rams, 14-0 losers to the Santa Clara Panthers last week. Game time is 3:30 p.m.

Volleyball classes offered in Campbell

Volleyball (Novice/Int.) will be offered by the Campbell Community Services Department beginning Sept. 29, from 7 p.m. to 10 p.m. on Thursdays.

This course is designed for individuals who wish to learn the basic fundamentals of competitive volleyball played under USVBA rules. The course will cover attitude, (individual and team), skill; the receiving bump, the overhead set, the spike and knowledge of offensive and defensive formation.

Instructions will be given at Campbell high school in the women's gym. Sign-ups and/or registration can be submitted to the City of Campbell Community Services Department, 378-8141, Ext. 252. Registration fee is $10 which will cover the course that will end on Nov. 17.

Stanford TV show

"STANFORD Football 1977", a one hour television show featuring video tape replay of the previous day's game, will be carried each Sunday during the football season on KRON-TV channel 4. The show will be co-hosted by KRON sportscaster Ron Barr and Stanford coach Bill Walsh.

Local Explorers on US field hockey team

THREE Explorers from San Jose and two from a post in Livonia, Mich., are among 18 players selected to represent the United States in Junior World Cup field hockey competition next year.

Two others from California and two from Michigan were selected as alternates by the Field Hockey Association of America. The Junior World Cup tournament will be held in Mexico City in April 1978.

Picked for the cup team are Jason Holmes, 14, of 1733 Hillsdale avenue, San Jose; Kendal Hansen, 15, of 1825 Harris avenue, San Jose; and Todd Michaelis, 14, of 1733 Grizilo drive, San Jose, all forwards.

The young men from San Jose are all members of Explorer Post 231.

Alternates chosen are Corrian and John Taylor of 1792 Portrero Road, San Jose.

The Junior World Cup team members and alternates were chosen after participating in the U.S. Olympic Training Center field hockey camp at Squaw Valley in July. Competitors in the Junior World Cup tournament, cannot be over 19 on January 1, 1978.

Post 742 is a post specializing in field hockey. It won the field hockey event at the biennial National Explorer Olympics held at Fort Collins, Colo., in the summer of 1976. Post 231, a general Explorer post with a strong interest in athletics, finished second in field hockey competition at Fort Collins.

Exploring is the young adult division of the Boy Scouts of America, emphasizing career exploration and high adventure for young men and women of ninth grade age through 21.

General meeting

A GENERAL meeting of Campbell-Moreland pony-colt league will be held Tuesday evening at 8 p.m. at the Morgan Park pony-colt clubhouse. All parents and others interested are invited to attend.

No names capture pair of triumphs

TRIPLES BY Dennis Wright and Tim Woodside spurred Killroy to an 11-1 rout of the Clowns in recent action in the Campbell men's slow pitch softball league.

Harold Patton drilled a double for the losers.

The No Names posted a pair of victories, nipping the Clowns 3-2 and nudging the Moneychangers 11-9.

Against the Clowns, Scott McNamara and Robin Webeto both lashed doubles for the winners.

Valentine Hinojos tripled for the No Names in their win over the Moneychangers. Ken Gilson homered for the losers.

The Moneychangers also dropped an 8-7 decision to Atari. Roy Talavera scattered eight hits and five walks, while fanning two, to pitch Atari to the win.

Terry Fletcher doubled for Atari.

The Red Barrons were 11-6 victors over Atari behind the home run hitting of Marc and Pete Salazar. Ron Coleman doubled twice while Marc, Pete and John Salazar each chipped in with solo two baggers.

Fletcher ripped a pair of doubles for Atari.

Bearcat Construction and the New York Lifers battled to a 3-3 tie.

Watch Pounds and Inches Disappear!
NEW PERMATHENE-12
Once-A-Day Continuous-Action Capsule Reducing Plan*—Gradually
TRIMS AWAY FAT

Yes, it's true—NOW lose pound, after pound, after pound depending on how overweight you are

- without crash diets
- without torturous exercise
- without even giving up sensible snacks or desserts
- just read and follow important Permathene low calorie reducing plan booklet in every package

Wondrous Permathene-12 **once-a-day** continuous-action capsule reducing plan*
WORKS ALL DAY TO HELP YOU GET THINNER
Newly Developed Time Release Capsule Contains:
ONE OF THE MOST POWERFUL REDUCING AIDS EVER RELEASED DIRECT TO THE PUBLIC.

WORKS ALL DAY
In fact, so fast you start growing slimmer in just days!
Yes, continuous action attacks overeating

Think of it You take just one of these amazing time-release capsules each morning ... then for the rest of the day, tiny doses of one of the most powerful reducing aids ever approved for public use are gradually released into your system to constantly curb your appetite, calm your desire for food. But that's only your first giant step on this exciting new journey to slimness.

CONTINUOUS ACTION ATTACKS THE MAJOR CAUSE OF OVERWEIGHT—OVEREATING—THE MAJOR CAUSE OF FAT BUILD-UP

Because thanks to Permathene-12's "miss-no-meals" eating program, not only do you eat more wisely than ever before ... but do so in such a way that your body actually breaks down those bulging pockets of fat and flab ... *starting in just days!*

In other words, when you follow the Permathene-12 diet, a continuous action capsule reducing plan, with this once-a-day time release capsule, you actually help your body consume less calories ... naturally, you eat less, you weigh less, so you

TURN FOOD INTO ENERGY INSTEAD OF OVERWEIGHT

Yes, with PERMATHENE-12, here's what happens when you take this great new ALL-DAY time-release formula ... and launch yourself on this wondrous new capsule reducing plan.

- **Gnawing hunger pangs are suppressed, so it takes less food to satisfy you, meaning you restrict your calorie intake.**
- **Fat build-up, that up to now you've found impossible to budge, is burned away by your own body chemistry and gradually disappears.**
- **Gentle diuretic action can help eliminate excess water and bloat.**

***Not a crash diet — but the most satisfying, fully balanced reduced calorie eating program you've ever seen.** Read and follow label directions carefully.

- **And even though you may lose pound, after pound, after pound with the reduced calorie eating program in every package ... you never miss a meal ... never deny yourself sensible snacks or desserts ... never for a moment starve yourself one iota!**

CURBING THE APPETITE—ONE OF THE MOST EFFECTIVE WEIGHT-LOSS METHODS KNOWN

That's because with the PERMATHENE-12 way to slimness you arm yourself with one of the most modern and effective ways to weight control, reduced appetite and a diet plan that conquers overeating ... the basic cause of overweight. And because the PERMATHENE-12 ONCE-A-DAY "slim-down capsule program" is working all the time to control your appetite. Following the Permathene Diet plan is by far the easiest way ever developed to achieve that slim, trim body of your dreams.

JUST THINK! YOU MISS NO MEALS—YOU EVEN EAT SENSIBLE SNACKS AND DESSERTS—AND STILL LOSE WEIGHT LIKE NEVER BEFORE!

Yes, with the PERMATHENE-12 low calorie reducing plan you are not asked to constantly battle your appetite. You simply take one of these new ALL-DAY time-release capsules each morning ... then following the PERMATHENE-12 satisfying eating program, still shed pounds and inches like never before ... and all without ravishing hunger.

So, no matter what your goal may be—10 ... 20 ... 30 pounds thinner ... here at last is the no-hunger way to LOSE WEIGHT with the finest ALL-DAY ONCE-A-DAY reducing product in America, PERMATHENE-12.

Remember ... **you must lose weight starting the very first day ... see results the very first week** ... results you can measure on your scale and in the smaller trimmer size of your clothing ... or money back from manufacturer.

WVAT swimmers leave Hawaii with trophy

WHEN THE WEST Valley Aquatic Team returned from the sixth annual Manoa Invitational swim meet in Hawaii in late August, the 44 local swimmers brought home more than floral shirts and puka shells — the West Valley swimmers also brought home the meet's second place trophy!

West Valley finished second in the 26 team field at Manoa, bringing home the second place team trophy. The Central Sports Club of Chiba, Japan, finished first with 621 points with WVAT second at 586.

But the West Valley swimmers didn't just leave the Islands with souvenirs and trophies, the senior girl's 400 meter free relay team saw to that — they left something behind.

Laurie Martin, Meredith Williams, Kathy Maurer and Lori Justice left Hawaii a meet record in their specialty. The four breezed to a 4:23.29 to snap the old record of 4:36.97.

And Jennifer Petty also left the Hawaiians a performance they will long remember. Petty walked off with the girl's 11-12 high point trophy by finishing first in the 200 meter free at 2:22.82, the 100 meter free at 1:04.70 and the 50 meter free at 29.85; second in the 200 meter individual medley at 2:48.65; and third in the 100 meter breast at 1:29.22.

JUSTICE WAS first in the 400 meter free at 4:43.62 and the 100 fly at 1:12.49, second in the 200 IM at 2:40.82 and the 100 free at 1:03.69 and third in the 50 meter free at 30.14 in the 13-14 age group. Alan Spehar was second in the 100 meter free at 1:01.10 and third in the 50 free at 28.34 in the same age division.

Williams won the 400 meter free at 4:44.30, the 200 free at 2:17.18 and the 100 free at 1:04.35 and was second in the 200 meter IM at 2:39.27 in the senior division.

In the same class, Jennifer Hazel was third in the 400 IM at 5:53.13 and the breast at 1:28.2 and Derek Hansen was first in the 100 free at 58.93. Lance Donnelly was second in the 100 meter back at 1:08.30 with Kent Smith third in the 200 IM at 2:27.22 and the 400 IM at 5:17.21.

In relay competition, the 11-12 girls 200 medley team finished second at 2:26.0 and the girls 13-14 A and B teams placed first and second in the 200 free at 2:01.95 and 2:02.99, respectively. They also finished two-three in the medley relay.

The 13-14 boys relay team was second in the medley at 2:11.12 and third in the 200 free at 1:56.83 and the senior girls won the 400 free in their record time, took the 200 free and won the 400 medley.

The senior boys won the 400 free relay at 3:59.80 and the 400 medley at 4:31.58 and finished third in the 200 free relay.

SECOND PLACE — The West Valley Aquatics Team finished second in the Manoa Invitational in Hawaii recently. Holding the team trophy over the head of Jennifer Petty are Lori Justice (left) and Meredith Williams.

Peterson routs Prospect 33-2

A STRONG GROUND game was nullified by a poor-passing attack, leading directly to Prospect high school's 33-2 humbling at the hands of the Peterson Pirates last Friday afternoon at Prospect.

"We moved the ball pretty well on the ground," said Panther head coach Earl Adams. "But our passing was really inept."

While the Panthers were racking up 253 yards on the ground, the passing game was netting just 48 yards. Prospect was just four for 12 through the air with three interceptions thrown.

Twice the Pirates returned interceptions for touchdowns, running one back 60 yards and another 65 yards.

Although the passing game was poor, the Panthers' running game was strong. Tom Morgan led the Prospect land assault with 108 yards on 18 carries. Phil Angerole toted the ball three times for 49 yards, 40 coming on one run.

Providing some strong blocking up front for Morgan and Angerole were guards Randy Chase and Stuart McCammon, and tackle Ken Hoyt.

Chase also stoodout on defense, where he accounted for the Panthers' only points of the night.

After the Panthers had failed to capitalize on a first and goal-to-go situation early in the game, Chase sacked the Peterson quarterback in the Pirate endzone for a safety.

Linebacker Craig Raphael was the Panthers' leading tackler in the game with eight unassisted tackles and four assists. Cornerback Jim Douglas came up with a pair of interceptions.

The Panthers will try to rebound Saturday night at Cupertino high school when they take on the Lynbrook Vikings in an 8 p.m. contest.

No substitutes for victory on Vike field hockey scene

THERE'S NO substitute for victory when a team is opening its season. And that's just the way Diane Tsutsumi and her West Valley College field hockey team felt last week when the Viking women opened 1977 against the San Jose State University junior varsity.

The Viking nipped the Spartan JV's 2-1 on San Jose's home field to start 1977 off right.

"It was a good start for us," said Tsutsumi after the win. "It was good for the kids to get that first win."

Julie Glage (Westmont) and Naomi Sasaki (Los Gatos) each scored goals to lead the Vikings to the win over the Spartans.

Marcie Eddleman (Blackford) was another offensive standout for the Vikes. "She was very instrumental in setting up the plays," said the coach.

Tsutsumi singled out center halfback Michele Miner (Branham), sweeper Cindy Schwarz (Campbell) and goalie Terri Beebee (Camden) for their efforts defensively.

The win was the start of what Tsutsumi is hoping will be a strong season for West Valley.

"The season looks good but we need practice with our stickwork and finess to catch up with our understanding of the game," she said. "With that we should have a good season."

Miner, Schwarz, Eddleman, Glage, Jackie Hale (Los Gatos) and Kendall Luck (Willow Glen) are returners for West Valley who are looking to lead the Vikes to a strong season.

First year women looking strong for WVC are Beebee, Sasaki, Jan Renna (Willow Glen) and Lori Howes (Willow Glen), according to Tsutsumi.

West Valley will compete in the Central Coast field hockey league with De Anza, Ohlone, Sacramento City and American River this fall.

"De Anza and Ohlone should both be very tough," added Tstusumi.

Near-perfect week for grid predictors

IT WASN'T a perfect opening week for the high school football predictors at this newspaper in the West Valley Athletic League — but we sure came mighty close!

In the first week of the young season, we nailed five of the winners to start 1977 off on the right foot. And this week could be even better.

Seven WVAL teams will hit the field this week for non-league games, with Camden and Del Mar both taking the week off.

Westmont will host Willow Glen, Backford will entertain Mt. Pleasant, Campbell will meet Lincoln on the Buc field and Leigh will play host to Santa Teresa, all in 3:30 p.m. games. Westmont will win by six, Lincoln by 12, Blackford by nine and Santa Teresa by 14 in the four day games.

On Saturday night Branham opens its season against San Jose at 7:30 p.m. at the PAL field and will win by 12. Los Gatos will host Leland at 8 p.m. but the Chargers will win by 12 and Prospect will meet Lynbrook at 8 p.m. at the Cupertino field but will fall by six.

WVC wins one of three in volleyball tourney

THE LUCK OF the draw haunted the West Valley College volleyball team last weekend when the Vikings opened their season at the San Mateo Invitational. But the young Vikings responded to the call — they played good volleyball.

"We didn't do well as far as the scores are concerned," admitted WVC coach Claudine Simpson after the tournament. "But we did do well as far as our performance was concerned!"

"We didn't make it out of our pool into the finals," she added.

West Valley lost to Reedley on Thursday 8-15, 15-11, 6-15 and lost to Santa Barbara 9-15, 8-15 on Friday. But the Vikes came back to crush Santa Rosa 15-6, 15-10 in their third try.

"I was pleased with the way the kids played against both Reedley and Santa Barbara," said Simpson. "Both of those teams are the top teams from their areas."

"Our serving was excellent but our skills still need more practice and work," said Simpson.

West Valley will get right into league competition this week when the Vikes visit Canada for a 4 p.m. game in Redwood City.

"After seeing the competition this past weekend and seeing how we performed, I predict we'll finish in the top three in our league," said Simpson.

Dodgers take on Giants

THE LOS ANGELES Dodgers, closing in on their second National League West division championship, complete a two game series at Candlestick Park against the San Francisco Giants Wednesday night with a 7:30 p.m. contest.

Braves rout SLV behind Little touchdown passes

JACK Little took to the air early and often last Friday afternoon in the Blackford Braves' 1977 grid opener against San Lorenzo Valley at Blackford. And the result was a 21 point first quarter splurge by the Braves.

The big first period outburst got the Braves rolling toward a 34-0 triumph over San Lorenzo Valley.

"We didn't play a very good team," pointed out Blackford head coach Mike Spitzer. "They're defintely down this year. We didn't get a good test."

Spitzer is hoping his club will get a better test Friday afternoon when the Braves host the Mt. Pleasant Cardinals of the Mt. Hamilton Athletic League. Game time is 3:30 p.m.

"They have explosive speed," Spitzer said of the Cards. "We'll have to contain them"

The Cardinals are 0-2 in the pre-season but both losses have come against tough teams, the James Lick Comets and Independence 76ers.

"I thought we played pretty well," Spitzer said following last Friday's win. "We need a lot of work. But overall I was very pleased."

AND WHAT pleases Spitzer the most was the passing of Little, who struck for three first quarter touchdowns aerials and later ran for another.

Little got the Braves rolling in the opening minutes of the game with a 20 yard touchdown toss to Guy Gandenberger. Lee James added the extra point, as he did after four of the Braves' five TD's on the day.

Little later hit Ty Thurston for a 19 yard paydirt strike before hooking up with Gandenberger again, this time for a 45 yard bomb.

The Blackford signal caller ended the day with eight completes in 11 attempts for 140 yards, not to mention an 11 yard touchdown run in the second quarter.

Back-up quarterback Mike DeLaPena also got into the action, rifling a 15 yard touchdown pass to James in the fourth quarter to complete the game's scoring.

In addition to Little's passing, Spitzer was happy with the performance of runningback Paul Zampirein and first year wide receiver Tim Stanton.

Pony Leaguers set to launch winter loop

A TOTAL OF 91 boys playing on seven Campbell-Moreland Pony League teams launch play Saturday in the 12-team Valley Winter League which gets under way at three area ball parks.

All games during the nine-Saturday league, which ends Nov. 19, are scheduled at either 11 a.m. or 2 p.m.

An all-Campbell doubleheader is slated Saturday at Morgan Park — Team #4 vs. Team #5 in the opener, and Team #7 vs. Team #6 in the 2 p.m. game. Meanwhile, Los Gatos' Fisher School will be the site of a contest between Campbell Teams #2 and #3 at 11 a.m.

The seventh Campbell team — Team #1 — opens against Santa Clara #1 at Vierra Field in Santa Clara.

Besides Campbell, three teams are entered from Santa Clara and one each from Los Gatos and Lafayette.

Here are the Campbell teams and their coaches:

Team One — Kris Kroening, Tony Fisher, Brett Blackwell, Glenn Davis, Richard Angulo, Dave West, Curt Hollars, Craig Trinidad, Dennis Watt, Jerry Zaro, Steve Romeo, Chip Vanezio and Davis Yates; manager, Dan Trinidad; coach, Dan Watt.

Team Two — Jim Blehm, Jeff Nelson, Chris Gayler, Rich Theidt, Todd Chandler, Bobby Straight, Cominic Costantino, Bob Pogue, John Imhoof, Steve Rasmussen, Bill Devlin, Brian Greneveld and Keith King; manager, Mike Crawford; coach, Dan O'Leary.

Team Three — Dave Bryant, Alan Harmon, Bill Roberts, John Aimonetti, Steve Oleari, Chris Marrujo, Brett Peyton, Wes Woodworth, Bryant Keefe, Dave Matthews, Tony Perrine, Tim Bottomly and Jeff Walker; manager, Mel Peyton; coach, Wayne Peyton.

Team Four — Keith Furuya, Jim and Mike Walsh, Joey Emmett, Tom Grecius, Scott Freear, Steve Clinton, Duane Cook, Mark Agiolo, Rick Waltjen, Cameron Comick, Steve Wedel and Danny Barry; manager, Bill Walsh; coach, Dick Barry.

Team Five Wedel and Danny Barry; manager, Bill Walsh; coach, Dick Barry.

Team Five — Brian Hughes, Paul Balbas, Steve Valdez, John Lawson, Tony Kephart, Harold Sutherland, Karl and Joe Maniglia, Mike Catalana, Steve Puls, Don Acosta, Mark Floth and John Heidemann; manager, Ray Knight; coach, Bud Stallings.

Team Six — Mario Fontano, Eric Munson, Greg Takaki, Craig Long, Dennis Mosier, Albert Salvador, Rusty Kiss, Lance Modrell, Steve Sato, Paul Sargis, Todd Boyd, Tim Zollin and Eric Crawford; manager, Bill Allen; coach, Max Nelson.

Team Seven — Randy Nishijima, Roy Ashworth, Bob Gilbert, John Benjamin, Todd Phillips, Albert Vanegas, John Murphy, Karl Erekson, Rich Vanegas, Matt Christian, Ted Ornduff, Chris Gettler and Andy Nagengast; manager, Dan Murphy; coaches, Joe Ferrari and Ed Vargas

The junior umpiring crew includes John Walsh, Bill Bingham, Alan Rouhier, Kevin Fitzpatrick, John Walsh, Tim Maciercz, Butch Gutierrez, Kevin Allison and Mark Paquin.
